

COURT GIVES MARINES CLEAN BILL IN HEARING ON KILLINGS IN HAITI

Says There is No Ground for Report of Indiscriminate Killings of Haitians--Troops Have Brought Tranquility for First Time.

WASHINGTON, Dec. 18.—The naval court of inquiry which investigated the conduct of marines in Haiti reported to Secretary Daniels today that there "had been no proper grounds" for the statement by Brig. Gen. George Barnett, former commandant of the marine corps that the American occupation was guilty of practically indiscriminate killing of Haitians.

After careful survey of conditions the court, presided over by Rear-Admiral Henry T. Mayo, found that General Barnett's charges were "ill considered," regrettable and thoroughly unwarranted reflections on the work of the marine corps in Haiti, adding that the corps had performed difficult, dangerous and delicate duty worthy of the highest commendation.

The marines virtually were given a clean bill by the court, which declined to recommend trial by court martial of Freeman Lang, of Los Angeles, and Doras Williams of Birmingham, Ala., charged by native witnesses at the Port au Prince hearing with the murder of Haitians. Indeed, the Lang and Williams cases were not mentioned, and naval officials explained that this meant that evidence against them was not deemed sufficient to demand criminal prosecution. In all isolated cases of unjustifiable conduct by the marines, the court found that disciplinary action had already been taken.

The full text of the court's findings follows:

The court finds that two unjustifiable homicides have been committed, one by each of two of the personnel of the United States naval service which has served in Haiti since July 28, 1915, and that sixteen other serious acts of violence have been perpetrated against citizens of Haiti during the same period by individuals of such personnel.

The court finds further that these offenses were all isolated acts of individuals and that in every case the responsible party was duly brought to trial before a general court martial, convicted and sentenced.

The court has found no evidence of the commission of any other unjustifiable homicides or other serious unjustifiable acts of oppression or of violence against any of the citizens of Haiti or unjustifiable damage or destruction of their property caused by any of the personnel in question.

In view of the fact that the only unjustifiable acts found by the court to have been committed are those wherein disciplinary action has already been taken and where no further proceedings could be had in the matter, the court has not deemed it necessary to report further upon the question of responsibility.

Conclusions of Court

It is the conclusion of the court that there have been no proper grounds for the statement that "practically indiscriminate killing of natives has been going on for some time," as alleged in the letter from Brig. Gen. George Barnett, U. S. Marine corps, to Col. John H. Russell, U. S. Marine corps.

The court does not consider that the small number of isolated offenses or offenses that have been committed by a few individuals of the service are entitled to any considerable weight in forming a conclusion as to the general conduct of such personnel. It was inevitable that some offenses would be committed. However, considering the conditions of service in Haiti, it is remarkable that the offenses were so few in number and that they all may be

Germany and Allies Are Making Progress

BRUSSELS, Dec. 18.—A series of conversations between the allied representatives to the second financial conference and the Germans this afternoon are beginning to develop definite conclusions as to what modifications of the peace clauses will satisfy the Germans that they can execute the treaty and pay reasonable reparations.

There is satisfaction among the allies because the proceedings seem to be free from theoretical discussion and recriminations, and apparently both sides are animated by sincere desires to reach definite agreement as to Germany's capacity to pay, a matter which has long been the subject of widely opposed views.

WIDELY DIVERGENT VIEWPOINTS ARE HEARD BY HARDING

Talks With New, Butler and Reed on World Peace

REED AGAINST ANY PLAN

(By The Associated Press)

MARION, O., Dec. 18.—President-elect Harding heard suggestions for his association of nations plan from widely divergent viewpoints today in a succession of conferences with Senator Harry S. New, of Indiana, Senator James A. Reed, of Missouri, and Dr. Nicholas Murray Butler, president of Columbia University. Each indicated that he thought the president-elect was working along hopeful lines but each had his own idea of what should be made the basis and form of any international agreements to promote peace.

Senator New Republican member of the foreign relations committee was inclined to favor a disarmament agreement, if one could be made as the most effective means of ending wars. He indicated that he would not be adverse to taking such machinery of the Versailles league of nations as might be found practicable, but told Mr. Harding that in his opinion a covenant mutually pledging the leading nations of the world to reduce armaments would be vastly superior to any complicated international peace structure.

As a Democrat who has made a bitter fight for rejection of the Versailles treaty, Senator Reed counseled the president-elect against acceptance of league membership on any basis and recommended a modification of international law as the best hope of averting misunderstandings.

To go into the league in the face of the people's verdict at the national election, Mr. Reed declared, would be a breach of faith and a costly blunder. He evidenced little faith that wars could be abolished but conceded that a plan for more deliberate diplomatic parleys might prevent some of them.

Economic considerations were advanced by Dr. Butler as the determining factor of the international situation. He prophesied that in the end trade and commercial ties would be found more binding and more practically useful than peace covenants in rehabilitating civilization and guaranteeing its security. He suggested that Germany's burden of war indemnity be definitely fixed as soon as possible and that markets be stabilized by establishing credits among consumers abroad.

Proposal Did Not Receive Approval in Rome--Allied Warships Will Quit Greek Waters.

(By The Associated Press)

PARIS, Dec. 18.—The Franco-British proposal for withdrawal of the allied ministers from Athens just before the arrival there of Constantine, says an official inspired note tonight not having received the same welcome in Rome as in London and Paris, will be dropped.

The British, French and Italian ministers, however, it is added, will abstain from any ceremonies connected with the arrival of Constantine and from official relations with him. Allied warships have been ordered to quit Greek waters to avoid rendering honors to the cruiser Averoff on which Constantine is journeying to Greece.

Gets Result Of Inquiry

(By The Associated Press)

Geneva, Dec. 18.—President Wilson is informed of the results of the inquiry made by the allied high commission in Turkey concerning the Armenian situation in a message which has been forwarded to him by the league of nations council. Although the contents of the message is withheld it is understood the president has been told that negotiations with the Turkish nationalists present no insurmountable difficulties.

The message is believed to contain the "avenues of approach" which the president asked the council to indicate to him.

STIFF FIGHT ON BILL FOR RELIEF OF FARMERS MADE

Farmers Have Been Deceived Says McFadden

BANKS HAVE GONE THE LIMIT

(By The Associated Press)

WASHINGTON, Dec. 18.—The senate resolution to revive the war finance corporation as a measure of relief for farmers was adopted by the house late today in amended form and by a vote of 212 to 61. It now goes to conference for adjustment with the senate measure.

The house struck out section two of the senate resolution stating the opinion of congress that federal reserve banks should allow liberal credits to farmers. The vote was 132 in favor to 20 against on the motion to strike out. The final vote came after five hours of debate, Chairman McFadden of the banking committee leading the opposition. He characterized it as class legislation which would lead to inflation and charged that its proponents had deluded the farmers into believing it would help them.

Farmers Deceived

"The farmers have been deceived," Mr. McFadden said, "they have been told that this resolution will help them. No advances to farmers has been made by the corporation for more than a year and could not be authorized under this measure. Instead the corporation has made loans to such institutions as the International Harvester, the Bethlehem Steel and the Baldwin Locomotive Works."

Representative Mann, Republican, Illinois, supporting the bill, said he did not see how it could do harm and probably would do some good. Representative Mondell, Wyoming, majority leader, said the bottom had fallen out of business because private institutions had not been able to extend the required relief.

Revival of the finance corporation would help the situation and could not under any circumstances have a harmful effect, he said.

Representative Stevenson, Democrat, South Carolina, denied that the measure was class legislation.

Banks Have Gone the Limit

"The banks have gone the limit," he said, "and they cannot extend credits further. We must do it by selling stock of the corporation to the investing public."

Representative McFadden said the project was "nothing else than putting the head in the public treasury for the benefit of special interests."

"I don't believe honestly it is going to help the farmer in the way he expects," he said. "You will be called upon to revive the grain corporation and other government war agencies."

"Unless the consuming public gets the full benefit of these declining prices, I think nothing should be done to interfere," Representative Madden said the measure would add another billion dollar burden to the backs of the people.

"Already Europe owes us \$12,000,000,000," he said. "This would add another billion to that debt. It moreover sustains high prices and does not aid the working people whose wages are being reduced all over the country."

Other speakers supporting the resolution were Representatives Strong, Republican, Kansas; Steagall, Democrat, Alabama; Tinch, Republican, Kansas; and Wingo, Republican, Arkansas.

USE OF HARD CIDER IN HOME BY MAKER IS NOT PROHIBITED

Palmer Says Congress Understands Nature of Cider

NOT LIQUOR UNTIL IT FERMENTS

(By The Associated Press)

WASHINGTON, Dec. 18.—Use of cider in the home by its manufacturer, even after it has become intoxicating by fermentation, is lawful and without the bounds of the prohibition enforcement act, according to an opinion submitted to the secretary of the treasury by Attorney General Palmer, made public today. The opinion is in direct conflict with the regulations of the bureau of internal revenue which state that homemade cider must be non-intoxicating in fact although not necessarily containing less than one-half of one per cent of alcohol.

Secretary Houston asked for an opinion as to whether the term "non-intoxicating cider and fruit juices" means non-intoxicating in fact or containing less than one half of one per cent of alcohol. The phrase occurs in section 29 of the prohibition act which permits the manufacture of non-intoxicating cider for use in the home without a permit.

In answer the attorney general held that the expression meant containing less than one half of one per cent, but added:

"In view, however, of what I understand section 29 to mean, I am sure it would be misleading for me to content myself with this direct answer to your question."

Congress intended by section 29 to prohibit the sale but not the manufacture of intoxicating cider for use in the home, the opinion said.

Congress Knows Cider

"Congress seems to have recognized the peculiar nature of cider," the attorney general declared. "When the juices of apples is pressed out the immediate result is cider. When this is done an intoxicating liquor, even though the definition of the prohibition act has not been produced, but fermentation very shortly sets in producing alcohol and all that is necessary to convert the cider into an intoxicating liquor is the lapse of a short time."

"Broadly speaking, one who has manufactured cider which has not yet had time to ferment has not manufactured intoxicating liquor," the opinion said.

"Section 29 has manifestly sought to make it clear that it was not intended that one who manufactured cider and kept it in his home for beverage purposes until it fermented would be guilty of possessing intoxicating liquors lawfully, the opinion stated."

"Section 29 says that to manufacture this cider for use in the home shall not be unlawful," Mr. Palmer asserted. "Obviously it does not mean for immediate use or necessarily for use before it has had time to ferment. I think clearly the provision means that after being manufactured as sweet or non-intoxicating cider it may be kept in the home for future use without violating this statute."

Possession Not Prohibited

Possession of intoxicating liquor is not prohibited by the 18th amendment, the attorney general explained, and the only offense against the enforcement act which a manufacturer of cider for use in the home could be guilty of would be of having it in his possession after it fermented and produced alcohol.

"By the provision above quoted," he said, "I think congress has, at least by necessary implication, provided that the possession by the manufacturer of cider even after it has fermented shall not be unlawful so long as it holds exclusively for use in the home or for sale to those having permits to make vinegar."

While the opinion is binding on the treasury, prohibition enforcement officials intimated tonight that Mr. Palmer might be asked to reconsider his decision in view of the conflict between his contention and the existing regulations.

Conscience Troubled Him

(By The Associated Press)

PHILADELPHIA, Dec. 18.—A troubled conscience today resulted in the sending of a typewritten anonymous note to the receiver of taxes with \$2,250 in cash.

"For back personal taxes improperly made out, due the city and state," the note read.

This is the equivalent of taxes at four mills on an excess of \$500,000 of personal property.

No conscience has ever been before troubled to pay that amount owed the city without the prospects of detection.

EMERGENCY TARIFF BILL IS FRAMED BY COMMITTEE

Designed to Protect Twenty Farm Products

OPPOSITION IN COMMITTEE

(By The Associated Press)

WASHINGTON, Dec. 18.—Framing of an emergency tariff designed to protect twenty farm products was completed late today by the house ways and means committee. The measure probably will be presented to the house Monday with a request for action on it the following day.

The bill was designated as the Fordney emergency tariff. As drawn it would be effective for one year from date of passage.

The measure was agreed to after six hours of discussion by the full membership of the committee which elected to honor its chairman by giving the bill his name. Mr. Fordney will prepare and introduce the formal draft.

The committee broadened the original project of senate and house leaders in joint conference. The bill was said to have been planned as a comprehensive measure to shield agriculturists from further price decline. Representative Young, Republican, North Dakota, chairman of the agriculture sub-committee submitted that the ways and means committee members would urge its passage before the Christmas recess.

Commodities Affected

Products to which tariff protection would apply and the rates agreed upon under the committee bill were as follows:

Wheat 30 cents a bushel; wool in the grease, 15 cents a pound; skinned 20 cents a pound; mutton and lamb 2-1/2 cents a pound, cattle 30 per cent ad valorem; wheat flour 20 per cent ad valorem; corn 15 cents a bushel, sheep \$1 a head if under one year old and \$2 a head if over one year; onions 40 cents a bushel; peanuts 2 cents a pound; rice 2 cents a pound if cleaned and 1-1/4 cents a pound if uncleaned; potatoes 25 cents a bushel; long staple cotton 7 cents a pound; and cotton seed, coconut, peanut and soy beans 20 cents a gallon.

The committee asked the treasury department to compile a schedule of rates on wool products, which would be equal to the rates applied to wool.

This schedule is expected to be ready early Monday for inclusion in the bill when introduced, Mr. Fordney announced. Products to include sugar, hops, frozen beef, vegetable seeds, barley, flax, butter and potato flour and potato starch in the list were voted down.

For the most part, according to members, the committee voting showed five opponents to the protectionist measure and seven less than three. Representative Rainey, Democrat, Illinois, understood to have informed the committee that he would lead a floor fight against it.

Demands for inclusion of many manufactured products were made by several committee members but leaders said these probably would vote for the bill on final passage.

STATE SENATOR IS INDICTED FOR FRAUD

St. Joseph, Mich., Dec. 18.—State Senator Thomas Lysaght, who was indicted by the criminal court grand jury here this week on a charge of falsifying returns at the primary election on August 3, waived formal arraignment before Judge William H. Utz today and gave bond for his appearance.

The senator has asked for an immediate trial of the case in order that it might be disposed of before the general assembly meets.

They were to have been hung in October, but escaped at that time, by a writ of error.

FLOW OF ORATORY MARKS CLOSE OF LEAGUE ASSEMBLY

Delegates Throw Verbal Bouquets at Each Other—English and Dominion Delegates Clash on Mandates—Hymans Says That Value of League Has Been Demonstrated

(By The Associated Press)

GENEVA, Dec. 18.—The first meeting of the assembly of the league of nations closed this evening in a burst of eloquence after passing thru one of the fullest days of its existence in a rather agitated and not always clear debate.

In farewell speeches, Paul Hymans, president of the assembly and Dr. Giuseppe Motta, president of Switzerland, told the delegates the first assembly had proved the league was a living organization and a success. The opinion expressed by the delegates who have participated most actively in the work of the assembly is that it has done all that could be expected of it, if not more.

A number of pet projects have met with disaster; yet there are few, if any, delegates who remained for the entire assembly that will leave dissatisfied with the work of that body.

British Delegates Clash.

The final day was marked by another encounter between the English delegates and the representatives of British dominions. Lord Robert Cecil acting for South Africa and C. J. Doherty for Canada, provoked an aggressive and significant declaration by Arthur J. Balfour to the effect that if the assembly adopted any recommendations concerning mandates he and his successor on the league council would pay no attention to them.

Lord Robert Cecil and Mr. Doherty criticised the council for holding back information about mandates and supported the recommendations of the mandates committee, the most important of which were that the assembly express the opinion that the resources of the territories under mandate should not be exploited by the mandatories for their own profit or for the profit of the allies and that the recruiting of troops should not be allowed in such territories.

The recommendations were adopted unanimously Mr. Balfour contenting himself by saying they would have no effect, instead of voting against them.

Esperanto fell a victim to a sharp attack by Gabriel Hanoaux when the committee reported in favor of an expression by the assembly with the object of encouraging the general teaching of Esperanto in the public schools with a view to making it eventually an international language and the language of the league. After a debate the assembly voted against the proposal.

M. Hymans, in his closing speech dwelt upon the fact that the session of the assembly demonstrated to all the value of the league of nations.

"The league has developed a consciousness," he said, "and now resolves to live and will live. Thru the setting up of an international court of justice the assembly has established a house of rights and a palace of peace."

"The activities of the assembly respecting typhus he declared to be a magnificent demonstration of human solidarity. When the assembly spoke of disarmament M. Hymans said the members of that body displayed keen anxiety to lift the weight of armaments from the shoulders of the world but at the same time realized that in the present unsettled condition of Europe nothing better could be done than had been."

He referred to the fraternal spirit shown by the assembly, the members of which were separated only by shades of opinion not by principles. He appealed to the youth of the world, the men of tomorrow, those who fought in the great war to construct a morale indispensable to the future of mankind, and concluded:

"Let us continue our ascending march toward the stars."

FAIL TO BRING ABOUT TRUCE

(By The Associated Press)

LONDON, Dec. 18.—The correspondence which has been going on between Prime Minister Lloyd George and Father Michael O'Flanagan, vice-president of the Irish republic, in an effort to bring about a truce between England and the Sinn Fein organization, apparently has been brought to an end.

Father O'Flanagan, in his latest message to Mr. Lloyd George, declared the only way to reconciliation was by "direct negotiations with President de Valera." In his reply, sent today, the prime minister said:

"This attitude closes the door to the counsels of good will which you invoked by beginning this correspondence."

A Private Surgical Hospital

Through its Public Health Department Says:—

SEEING JACKSONVILLE FIRST IS YOUR DUTY
HERE WE HAVE the most unique institution in the state—

IN THAT, outside of Chicago, it is the only purely surgical hospital equipped and devoted to surgery and obstetric surgery.

IN THAT it is the only one of its kind in the United States owned and conducted by a colored surgeon.

IN THAT each of its eight nurses is especially prepared for and devoted to this class of work.

IN THAT it has grown from three beds and six rooms, in eleven years, to thirty-one beds and forty rooms.

IN THAT it has never asked nor received a penny outside its own income.

IN THAT patients have come from twenty-one states and from Canada, for operations.

IN THAT the death rate is the lowest because of its equipment and devotion to surgery only.

EPIDEMIC OF CRIME SWEEPS OVER THE CITY OF NEW YORK

Holdups and Jewelry Store Robberies Are Quite Common

JEWELERS HIRE SOLDIER GUARDS

(By The Associated Press)
NEW YORK, Dec. 18.—New York's epidemic of criminal activities raged unabated today. Daring holdups and other acts of violence were reported from widespread sections of the metropolis.

No murder occurred, but robbers looted a store in Brooklyn of \$5,000 in dry goods and banding held up and robbed two jewelry messengers of \$12,000 in gems and money. In addition there were many minor burglaries and assaults.

Reports of various crimes were displayed to the public in large headlines on the front pages of all afternoon papers.

"Five new holdups and robberies as police spread net for bandits said one, 'New \$12,000 daylight holdup,' flared another. 'Band takes woman from cab in park,' and 'Bandits bind merchant, rob store,' were typical of the rest.

Jewelers of the city announced that each jewelry shop would employ an exservice man as armed guard. The military order of the world was made up of former officers called its members to meet Monday to tender aid in upholding the forces of the law.

From several sources today police were told that Lucille Emma Brooks arrested after the killing of Police Lieutenant Horton in a pistol fight with taxicab bandits was the wife of a millionaire oil man of Chicago said to be ill in a western sanitarium. When she was arraigned today a lawyer with offices in the Equitable building appeared in the defense.

HUMAN BODIES ARE CREMATED UNDER BOILERS

This Practice in Vogue at Asylum in Maryland

HAD SOUGHT MONEY FOR CREMATORY

(By The Associated Press)
BALTIMORE, Md., Dec. 18.—The practice of cremating unclaimed bodies under the boilers in the engine room at Bayview Asylum was brought to light today by Dr. Charles W. Wood, a member of the board of supervisors of city charities.

Dr. Wood disclosed this method of disposing of the dead in a statement denying charges of Dr. J. Whitelock Williams that he was playing politics at Bayview. Dr. Wood said he had sought money to build a crematory and this had been done, "so that the dead can be disposed of in a decent manner in the future."

BULL CAUSES BANKERS' DOWNFALL

Dixon, Ill., Dec. 18.—Rap Apple Korndyke VIII, Holstein bull, the purchase of a half interest, in which for \$50,000 is alleged to have been the start of the financial difficulties which resulted in the bankruptcy of E. J. Countryman, former cashier of the insolvent Union State bank, and E. M. Detweiler, was sold at bankrupt's sale yesterday for \$1,100. David Stines of Capron, Ill., was the purchaser. At the sale, 37 head of Detweiler's cattle sold for \$7,455.

STRIKE AGAINST WAGE REDUCTION

Lawrence, Mass., Dec. 18.—Designers, engravers and printers at the Pacific Print Works, about eighty in number, went on a strike today against a wage cut of 22 1-2 per cent which is to go into effect Monday. Should the strike continue it would eventually affect the entire plant employing about 2,000.

LEWIS RE-ELECTED BY MINE WORKERS

Indianapolis, Ind., Dec. 18.—Unofficial returns received from all over the country indicate the re-election of John L. Lewis as president of the United Mine Workers of America over Robert E. Harlin of Washington, according to a statement issued from international headquarters today.

QUAKE SHOCKS FELT IN ITALY

Rome, Dec. 17.—New earthquake shocks have completed the destruction of the Albanian village of Tepeleni, 32 miles south-east of Avlona, according to reports from Brindisi. Twenty-two persons are known to have lost their lives.

COOLIDGE SIGNS BILL FOR WOMEN

Boston, Dec. 18.—Governor Coolidge today signed a bill making Massachusetts women eligible to hold any municipal office except that of juror. A constitutional amendment to make them eligible to hold state offices is now pending in the legislature.

THIEVES ROB MACON POST OFFICE

Macon, Ill., Dec. 18.—The post office safe at Macon, Ill., south of here was blown by thieves Friday night, stamps, war savings stamps and other supplies, with some money, totalling \$1,500 being secured.

Honolulu, Dec. 18.—The hundred yard back stroke swimming record which he established in Detroit was broken here today by Warren Kealoha, Hawaiian swimmer, who participated in the Olympic games.

EDWARD J. WESTCOTT IS OUT OF PRISON

Noted Counterfeiter Finishes Sentence At Leavenworth—Fishes Ten Years Sentence.

(By The Associated Press)
Leavenworth, Kan., Dec. 18.—Edward J. Westcott, noted Illinois counterfeiter, has been released from the federal penitentiary here, it was announced today. Westcott's release was without condition, having been ordered by A. Mitchell Palmer, United States attorney general, who ruled there was no authority to revoke the counterfeiter's parole, requiring him to serve the unexpired portion of his first sentence.

Westcott was sentenced Dec. 18, 1908, by Judge Betha, United States district court, northern district of Illinois, to serve ten years. In February of 1915, he was paroled. While out on parole he was convicted again being sentenced January 24, 1914, by Judge K. M. Landis of Chicago to serve ten years.

The last sentence was served, deducting time for good conduct, but in September last year the parole of his first sentence was revoked and he was held to serve the unexpired portion.

In this claim to the attorney general, Westcott alleged there was no authority to revoke the parole after the expiration of the sentence. He won release on that point.

Prison authorities said Westcott

is now employed by a newspaper as an engraver.

U. S. SAILORS WILL DO SANTA CLAUS STUNTS

New York, Dec. 18.—Sailors of the United States navy stationed in Constantinople waters will aid in bringing Christmas cheer to 20,000 Armenian waifs, inmates of Near East relief orphanages in the Turkish capital, it was announced here today by the Near East relief headquarters.

Announcement was made of the arrival at Constantinople of a large shipment of clothing from the United States.

Henry Morgenthau, former ambassador from the United States to Turkey, today implored the public "to read again Dickens' Christmas Carol, absorb its spirit and then select the Near East as the messenger of mercy to these thousands of 'Tiny Tims.'"

GETS DAMAGES IN SUM OF \$10,000

Springfield, Ill., Dec. 18.—The Illinois Traction system, it was reported in the district federal court here today, has settled the \$75,000 personal injury suit brought by Grover B. Lemmon of St. Louis for \$10,000, one of the biggest personal injury settlements ever made in this court.

Lemmon lost his left hand and suffered injuries to his right hand while working as brakeman last February. He was represented in court by Johnson & Johnson of Peoria and Springfield.

NEW JERSEY MAN SLIPS ONE OVER ON HOLDUP MEN

Wears Two Pairs of Trousers and Saves His Bank Roll

WAS GOING FOR DOCTOR

(By The Associated Press)
PATERSON, N. J., Dec. 18.—Louis Lenner today accidentally discovered an antidote for New Jersey's crime wave. "Put on two pairs of trousers," is his motto.

A chill wind was blowing early this morning when Lenner had to rush from his home to summon a doctor for his sick wife.

"Two pairs of trousers will not come amiss," said Lenner to himself.

In front of the public library two of the state's many highwaymen urged him with revolvers drawn, to throw up his hands.

"Search me!" cried Lenner confident in the security of his double-barreled trousers.

The robbers left him, provoked, after finding nothing in his outside trousers. They looked no further for well two pairs are a bit unusual.

Carrying a fat bank roll in his "innies," Lenner stopped incidentally at the police station enroute to the doctor's.

AMEND PROPOSAL ON IRISH HOME RULE
London, Dec. 18.—The lower house of parliament today amended the lord's proposal, in the Irish home rule bill that if either area in Ireland refused to set up a parliament the executive could not make the offer a second time unless within two years both houses of the British parliament adopted a resolution asking for it. On motion of the government the house passed an amendment by a vote of 175 to 12 making the time limit three years after June 1, next. The bill this afternoon was returned to the house of lords which will consider it Monday.

"WRECKED NERVOUS EQUILIBRIUM" WAS CAUSE OF SUICIDE

This Is the Opinion of O'Brien's Physician PROVIDES FOR DISPOSAL OF ESTATE

(By The Associated Press)
LOS ANGELES, Calif., Dec. 18.—Lieut. Pat O'Brien, officer of the Royal Flying Corps during the world war who, according to a police report committed suicide by shooting himself at a hotel here last night, was suffering from a "wrecked nervous equilibrium" according to Dr. Walter Seagair, his friend and physician.
Dr. Seagair said Lieutenant O'Brien probably had been suffering from the results of his experiences during the war.
The widow who, it was said, formerly was Virginia Alden, a newspaper woman of Washington, D. C., was prostrated tonight in a room in the same hotel where her husband killed himself. Thru a close friend, Mrs. Sarah Ottis, of Springfield, Illinois, Mrs. O'Brien expressed the opinion that her husband had been mentally unbalanced and that he had planned to kill her, had she responded to his telephonic request for her to meet him last night.
Mrs. Ottis said Mrs. O'Brien's belief that she narrowly escaped death at her husband's hands was based on the fact that she was not mentioned in a message unofficially termed a will that was found, and that none of a series of memos the aviator had laid out labelled on his bed, bore her name.
Altho it was understood here O'Brien had only one brother, Merwin O'Brien of San Francisco, the document unofficially termed a will was addressed "To Brother Elmer."
It follows:
"Please see that Clara Clegg, my sister, gets \$1,000 from my farm in Indiana, as I owe it to her. After you take what you have coming to you, see that mother gets all the rest."
(Signed)
"Pat O'Brien."

His sister, Mrs. Clegg, came here recently from Muncie, Ill. His brother Merwin is expected here soon from San Francisco to assume charge of the body and its removal to Muncie, for burial.
There will be no inquest, the coroner having announced he was convinced the aviator killed himself.

AIRCRAFT DESIGNERS WILL SHOW GENIUS
Navy Department Asks Them to Furnish Design for Airship That Will Start From Deck of Ship.

(By The Associated Press)
WASHINGTON, Dec. 18.—The navy department inaugurated today a competition for aircraft designers in an effort to obtain an airplane not only capable of starting from the deck of a ship but also equipped to land in the water. Competitors will be required to submit data on plans and where a suggested method is accepted more time to prepare designs for the final competition will be allowed.
No reward for the winner was announced but it was intimated that a number of airplanes would be constructed from the successful plans on which the inventor would earn royalties.

HAS NOVEL SCHEME FOR OUTWITTING SAFE BLOWERS
New Brunswick, N. J., Dec. 18.—Robbers who entered the jewelry store of O. O. Stillman here learned that the theory of three card monte may be applied to burglary insurance. Stillman keeps three safes so that burglars will have to guess which is worth cracking. The two-to-one chance against them proved too much for the recent intruders, who opened one of the empty two, and then quit the game, leaving that with the valuables intact.

STALEY FOOTBALL TEAM CUTS FINE MELON
Decatur, Ill., Dec. 18.—Twenty-one hundred dollars for three months work on the gridiron was the amount received by each regular member of the championship Staley team, according to an announcement made today by C. E. Chamberlain, general superintendent of the A. E. Staley Manufacturing company. It is planned to have an even stronger machine in the field next season. The players tendered a banquet to the Staley officials Friday evening and over half of them departed for their homes in different parts of the country.

REFUSE PLEA TO DISCONTINUE SERVICE
Springfield, Ill., Dec. 18.—Permission to discontinue street car service on Columbus and DeLeon streets in Ottawa was denied the Northern Illinois Light and Traction company by the State Public Utilities Commission today. The company was directed to continue a twenty-minute schedule of service on these streets, but was given authority to discontinue service on Norris street.

OPERATIVES PLAN TO FIGHT RESOLUTION
Lawrence, Mass., Dec. 18.—The attitude of the mill operatives of this city toward the wage reduction announced by cotton mills here that employ about 20,000 persons is being formulated by various groups independently. The Wool Sorters' Union announced today that they had voted to resist the reduction and would seek to organize the other unions in opposition.

FORMER MAYOR DIES IN KANSAS

S. H. Thompson Passes Away at Home in Winfield, Kansas — Burial Will Be Made Here.

C. C. Shureman received a telegram announcing the death of S. H. Thompson, which occurred at his home in Winfield, Kansas at 10 o'clock Saturday morning. Mr. Thompson was an uncle of Mr. Shureman.

During his residence in Jacksonville Mr. Thompson was prominent in city affairs. He served as an alderman from the Second ward in 1875. In 1878 he was elected mayor of the city.

He is survived by two daughters, Mrs. Byron Rodolph and Miss Ida Thompson of Winfield, Kans., and one son, Albert of Chicago.

Mr. Thompson was born in Morris county, New Jersey, and came to Jacksonville in 1850. He was a mason by trade and was for some years in the employ of the late Moore C. Goltra, who was one of the prominent contractors and builders of his time.

The family home was on North Church street. Mr. Thompson greeted the residence property which later passed to the ownership of John N. Ward. The deceased was a member of the Methodist church and was affiliated with the Masonic bodies here. The remains will arrive in the city today. The time of the funeral will be announced later.

FOUND GUILTY ON CONSPIRACY CHARGE

Dr. Rumley and Associates Found Guilty on Two Counts—Three are Ignored by Jury—Will Pronounce Sentence Monday.

(By The Associated Press)
NEW YORK, Dec. 18.—Dr. Edward A. Rumley, former publisher of the New York Evening Mail and S. Walter Kaufman and Norvin Lindheim, his co-defendants, were acquitted by a jury here today on three counts of an indictment charging conspiracy to withhold from the government knowledge of the alleged German ownership of the paper and found guilty on two counts.

The finding of not guilty was on counts alleging that the German government owned actual shares of the newspaper's stock, while the verdict of guilty was on that part of the indictment which alleged the defendants had borrowed money from German sources with which to conduct the paper.

The jury made a strong recommendation of mercy for the defendants whose bail was continued. The court adjourned until next Monday when they will be sentenced.

HERE'S TIP TO MAN WHO HAS CORK LEGS

Hamington, W. Va., Dec. 18.—One of the biggest moonshine raids in the history of southern West Virginia extending over a period of nine days and centering in Logan county, was reported here tonight by Frank Adkins, state prohibition officer.

Seventeen prisoners were taken and twenty stills, 100 gallons of moonshine, five thousand gallons of mash and 40 pints of bonded whiskey were confiscated by state and federal officers. One man escaped because the officers could not carry him from his home in the mountains, after his wife had burned his cork legs to prevent his arrest.

LINCOLN UTILITIES ARE CONSOLIDATED

Springfield, Ill., Dec. 18.—Consolidation of the Lincoln Water and Light company and Logan County Gas company was authorized today by the State Public Utilities Commission, and the Lincoln Water and Light company, under which name the consolidated companies will continue, was authorized to issue \$275,000 capital stock and \$375,000 in first mortgage bonds.

These bonds the commission directed, shall draw interest at the rate of six per cent and mature in twenty years. They shall be sold, it was also directed at not less than 80 per cent face value. The fee collected by the commission for authority for this issue was \$275.

TAKE TESTIMONY IN NEWBERRY CASE

Washington, Dec. 18.—The taking of verbal testimony relative to the missing ballots in the Ford-Newberry senatorial contest in Michigan in 1918, was concluded today by the senate elections committee and the recount of the ballots cast in the election will begin on Jan. 4.

Counsel for both Henry Ford and Senator Newberry were warned to be ready to proceed when the committee met on that date.

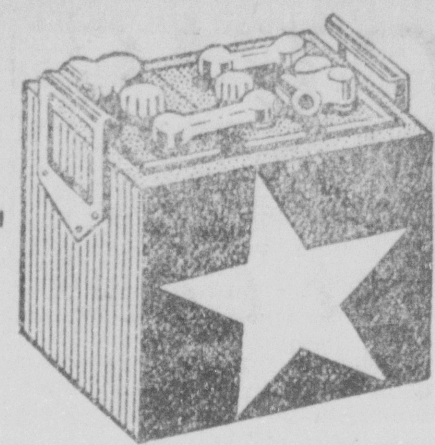

FINED FOR SMOKING IN ZION CITY

Zion, Ill., Dec. 18.—Efforts of the Rev. Mr. O'Brien, a Methodist minister, as attorney, failed to save Dr. George Billmeyer, a physician, charged with smoking on one of the busiest corners of Zion today.

The Rev. Mr. O'Brien contended that Patrolman Isaac Parry, who made the arrest, was misled by congealed breath, due to the cold weather. Dr. Billmeyer took the stand, however, and upset his advocate's theory by admitting he was smoking tobacco.
He was fined \$10 and costs.

CHICAGO AND NEW YORK CHILDREN WILL SKATE

New York, Dec. 18.—Replying to a letter from Mayor William Hale Thompson of Chicago, Mayor John F. Hylan of New York City today challenged the school children of the Windy City to engage in an inter-city ice skating contest this winter.

To Our Customers and Friends

We wish to take this opportunity to thank you for the courtesies extended during the past year and to assure you that our appreciation is heartfelt.

We have just passed from one of the busiest and most insane eras in the history of the world and what could be better than to have this Christmas start us off on the sane way of living as we did in the good old time previous to the war. Everything is now drifting toward a normal basis and in just a short time we will be doing business as we did before, when contentment will reign with the manufacturer, buyer, seller and consumer. The period of restlessness is drawing to a close.

GARDEN CLUB PLAN FOR BOYS ENDORSED

Domestic Science Round Table
Hard With Great Interest
Suggestions Made By Rev. M. L. Pontius.

The Domestic Science Round Table of the Jacksonville Woman's Club met Saturday afternoon at the Illinois Woman's College. The hostesses with Mrs. T. H. Buckthorpe as chairman, were Mesdames Ollie Parker, E. L. Fletcher, D. A. Schaffnit, Walter Martin, Charles Minter, Joseph Maiken, Elizabeth Stebbins, Uriah Zeigler, Ben Lorton, John Knapp, Louis Kelly, Nelson McMurphy, W. S. Jones, A. A. Anderson, F. M. Roberts, Clarence Reid, Homer Wood and Miss Clara Ranson.

The club was called to order by the chairman, Mrs. J. J. Reeve. The regular business session followed after which Mrs. W. D. Roberts favored the club with a piano selection, "Chimney Swallows" by Carrie Jacobs Boudie. Mrs. Roberts is a good musician and her work was very much enjoyed.

The chairman then presented the speaker of the afternoon, Rev. M. L. Pontius, who took for his subject, "The Child Problem." Mr. Pontius presented his subject in his usual efficient and forceful manner. He is personally very much interested in the life and development of the child and has given this subject a great deal of his time and thought. He said in part:

Must Know Boy Life.
"Each community has a boy problem. We have but to think of the truant officer, the Juvenile Court, the Juvenile Detention House or the Jail, the Reformatory, etc., to recognize the truth of this statement. We cannot solve the boy problem until we know something about the boy life. Many a father has lost his boy because he did not understand him. There is nothing more open than the heart of a normal boy if you only know the way.

"In the life of the normal boy there are three distinct periods. A period of infancy from birth to the age of six years. The tendency in this period is toward constant physical activity. The boy is now governed by instincts. These instincts are the fore runners of habits, and when the habits appear the instincts are done away. Gradually he ceases to be a creature of instinct and becomes a creature of experience, therefore capable of endless progress.

"Then there is the period of boyhood. From the age of six to about twelve or fourteen. Now his activity is organized. He is a selfish, self centered being unless these tendencies to an individualistic life have been inhibited by home training. The faculties of mind and body are unfolding during this period. The boy forms his habits for life. It is the period of play. We supervise the boy's home life, his school life, his religious life and fall entirely to supervise his play life. All the home, school, or church may do for the boy is often destroyed or neutralized because of a lack of supervision of the boy's play. It is the duty of the parent to know the boys with whom his boy plays. The time will come when all public school grounds will be used as playgrounds during the vacation period. They can get along with very little equipment, the great necessity is proper supervision.

The Various Ages.
"There is the adolescent period extending from the age of twelve or fourteen to maturity. This is marked by very great mental and physical changes. It is properly called the "storm period." The boy has a right to ask questions and these should be answered quickly and frankly by the father or mother in the home. During this period the boy ceases to be an individualistic and becomes a social being. He has his pal, belongs to the group and gives expression to loyalty to his associates. In ancient Greece when a boy committed a crime, the father was punished. When a boy in the early adolescent period does wrong the father or mother should bear the greater portion of the blame. The average normal boy will do right if his tendencies are properly directed and expressed.

"The home is no longer the center of the boy's life. The home has ceased to be the social center of the community. The boy's environment has changed within a generation or two. The light in the living room of the Christian home should be a lighthouse guiding the boy past the rocks and reefs of doubt, temptation and destruction. Even the religious education of the child may be in the future given in the home rather than the church. The home is the unit of our Christian civilization and the home must function or our civilization will come to naught.

The Garden Club.
"If you are interested in the boy life of Jacksonville I should like to have you consider this proposition. That this club shall take the initiative in organizing a Garden club. All boys of school age under sixteen years shall be members. They shall be organized by wards and the wards divided into districts. Over each ward and district there shall be proper supervision. In March or April set aside a half day when the members of this organization shall bring to better in each block the loose brick, stone, wood, in fact, rubbish of all kinds, which shall be removed by the city wagon.

"Then in the early spring have each district thru the officers, who shall be interested men and women, make a survey of all vacant lots in the district. Procure the consent of the owner, have these lots that are usually covered with weeds plowed and

prepared for seed-time. Then let the boys sow the seed and cultivate the plants as they may be directed by the officers of the club in that district. Flowers, cereals and vegetable may be grown instead of weeds. Our city will be 'Jacksonville Beautiful,' boys will have some objective and be enabled to work for several hours once or twice per week during the vacation season. Naturally there would be friendly competition between the groups. A prize may be given to the group producing the best flower and vegetable garden. At the close of the season a picnic may be given to the members of the Garden club.

"If you will take the initiative I am sure other clubs and organizations will readily assist. Without doubt the Mayor and other city officers, and the Chamber of Commerce will be interested. This plan will mean the bearing of responsibility, the expenditure of some money, but if the plan is adopted it will be the best investment the people of Jacksonville have ever made, for it is an investment in boy life."

The club endorsed the plan of Dr. Pontius and the chairman was instructed to appoint a committee to investigate further and take this matter of carrying out his plan under advisement. The next meeting will be held on Saturday afternoon, January 22, at 2:30 o'clock, with Mrs. W. L. Fay as hostess. A demonstration on fireless cooking, led by Mrs. Ollie Parker and Mrs. W. L. Fay will be given.

At the conclusion of the program the club adjourned.

MANY CONTRIBUTE TO AMERICAN LEGION FUND

Springfield, Ill., Dec. 18.—Thousands of small-sized contributions from all parts of the state are being added daily to the American Legion's \$50,000 campaign in Illinois to bring Christmas cheer to 4,000 wounded or sick ex-soldiers now confined in state hospitals.

"It isn't the size of the gift that counts, but the number of givers," William R. McCauley, state commander, said. "We want to tell our sick and disabled buddies that a hundred thousand loyal buddies and citizens of Illinois have answered in one accord—'We Have Not Forgotten You!'"

Fraternal organizations and the legionnaires themselves have been to date the most liberal donors, records at state headquarters of the Legion here show.

SIX COUNTY HOME INMATES FOUND INSANE

Several Left the Institution When Inquiry Was Announced—Others Will be Placed in Public or Private Homes.

In accordance with the plan of the county board to transfer from the county home to Jacksonville State hospital inmates who are mentally disturbed, a jury inquiry was held before County Judge Samuel beginning at 9 o'clock Saturday morning. Twenty of the inmates were examined and six of the number were declared by the jury of nonsound mind and were committed to Jacksonville State hospital.

Judge Samuel appointed Hugh P. Green as attorney to represent the inmates and State's Attorney Robinson appeared in behalf of the people. The jurors were Clarence Lukeman, M. H. Carroll, Theodore Arisman, Charles S. Black, Edward Brennan and Dr. Edward Rowe. It is possible that appeals will be taken by the state with reference to several of the inmates.

It is understood that two inmates of the home after hearing of the proposed inquiry left the institution. This brought the number down to 21. Of this number one is sick and unable to leave the home. Since six were committed to the insane hospital Saturday there now remain 15 cases for disposition.

It need hardly be said that the county authorities have no wish to place in the insane hospital men or women who do not properly belong there. Those who are sane will be cared for in private homes or at other institutions, Dr. A. H. Dollear and Dr. W. H. Weirich were questioned as to the facts about different inmates. In most instances Mr. and Mrs. Stice testified in behalf of the inmates, declaring their belief in their sanity.

MANY SEALS SOLD BY TAG DAY PLAN

Solicitors Secured Goodly Sum to Add to Open Air School Fund.

Saturday was tag day in the Red Cross Christmas seal campaign and the results were very gratifying. Miss Miriam Russell who is in charge of the campaign said last night that totals were not certainly complete but that the sum would be at least \$150. Sales by pupils in the schools during the past two weeks have shown both the interest of the boys and girls and the public. Mrs. Fred Lane served as an assistant to Miss Russell in making the tag day arrangements.

Children of the open air school, clad in their school garments, were in the business district part of the day and during other hours the following solicitors worked in relays: Mrs. Clarence Lukeman, Misses Gertrude Ayers, Helen Reaugh, Frances Griswold, Florence Chapin, Cora

Cherry Maude Hackett, Marjorie Black, Frances Strawn, Isabel Ames, Betty Palmer, Ellen McCurley, Eloise Capps, Sarah K. Russell, Carol Lander, Josephine Milligan, Helen Turner, Belle Palmer, Eula Priest, Ruth Reynolds, Virginia Spink, Irene Merrill, Abbie Lee Young, Eleanor Ames. The largest fund was secured by Miss Cherry.

CHILDREN APPEARED IN

UNUSUAL PROGRAM

The children's recital held at the Illinois Woman's college, Saturday afternoon, was a very delightful affair, the performance of each child being a credit to his or her teacher.

One of the very interesting features was a demonstration of the work done in the Primary Piano class, conducted by Miss Mohus. The participants ranged in age from five to seven. Each one was able to play all the numbers which were performed by the class but Miss Mohus called

them to the piano at random and most numbers were played only once. These miniature pieces were in various keys and rhythms, but were performed with the utmost ease and relaxation by the tiny tots.

Equally as interesting was the demonstration by the Intermediate Theory class, also conducted by Miss Mohus. The children ranged in age from nine to twelve or thirteen. The demonstration, which covered only a portion of their work, included playing of various intervals on the piano, writing them on the blackboard

or recognizing them when played by the teacher. The work in both classes was consistently and interestingly presented and showed that the children are in safe hands.

The rest of the program consisted of piano and violin solos progressing from simple to more brilliant numbers, in all of which the children acquitted themselves very well. The program appears elsewhere in this paper.

PEARL WHITE COMING IN ALASKAN PICTURE

Pearl White, in the William Fox production, "Tiger's Cub," a powerful drama of the Alaskan snows adapted from George Goodchild's great story, is announced as the feature attraction at the Grand Theatre beginning Monday.

"Tiger's Cub" is described as the most perfect Alaskan drama ever screened. It carries a powerfully dramatic theme and contains heart appeal, thrilling moments and entertainment value far in excess of the average picture.

Briefly, the narrative unfolds the attempt of two scoundrels, Bill Stark and "Tiger" Bloss to rob Colonel Summers of his gold mine. In a dispute over a poker game in which Stark unfairly wins the mine, the "Tiger" mortally wounds the colonel. Before he dies Summers writes an accusation of the "Tiger" and gives it to Lone Wolf, his Indian servant.

When David Summers arrives to run down the murderers of his father, he meets and falls in love with the Cub, the "Tiger's" beautiful daughter.

The picture has a happy ending. In the fine supporting cast, Thomas Carrigan is leading man.

Mr. and Mrs. R. Y. Gibson were in the city Saturday from east of town.

THE SERVICE STAR LEGION

On Tuesday afternoon, Oct. 16, 1917 a group of 31 loyal mothers, wives and sisters of our boys in service met at the public library and organized first the War Mothers. This has grown and expanded in such leaps and bounds that in these three short years it is already a national organization, now known as the Service Star Legion. To be connected with this organization and serve it in any office or capacity is a great privilege.

The years pass quickly and last Friday, Dec. 17, was the day appointed for the third annual election of officers. The list of officers chosen appears in another part of this issue. Thru error the name of the treasurer is given as Mrs. Charles Peak. This office is to be filled by Mrs. Charles Keefe.

Each and every member most kindly appreciates the great importance of the work to be done in the Service Star Legion. We all feel it is a personal duty and obligation we must fill to carry on this work to the best of our ability, to serve and assist the American Legion, Veterans of the Foreign Wars, the boys who served their country in any way, for them we stand ready to ever and at all times assist and help in any possible way.

To the retiring president, Mrs. Mary T. Carriel, we are greatly indebted for her untiring solicitude, for her wisdom and guidance. She has so faithfully and lovingly given. Her time and energy she has bestowed upon the work in unstinted measure.

In Mrs. Carriel's address to the meeting she emphasized the great power for good a band of concentrated, earnest, determined women can be. She gave as reference the little band of women with their badges of white ribbon who such a few years ago prayed the country might be free of this destroying curse. She expressed the hope that we as a band would pray that our country would never again be torn asunder by war; that our young manhood would never again be called to take up arms against any country. She declared that

war is agitated by the money kings of Wall street, simply to promote more profiteering which has no nearly ruined our country, and urged all to co-operate to prevent such a calamity as the war. She also spoke of the friendly feeling which Japan has toward the U. S. and declared that any statement to the contrary is untrue and simply propaganda for profiteering.

The Service Star Legion feels that the incoming president and other officers will serve their organization to the best of their ability and hope to make this year as profitable and prosperous as last year.

Mrs. Frances Brown was hostess for the afternoon, greeting the members in her rooms at the Colonial Inn.

WILLIAM ORRIS DIES SATURDAY; ILL FEW HOURS

Aged Woodson Resident Succumbs to Heart Disease—Funeral Set For Monday.

William Orris, a resident of Woodson for many years, died suddenly at his residence there at 12:20 o'clock Saturday morning. He was 78 years old.

Owing to the circumstances of the death, Coroner Charles A. H. went to Woodson today and conducted an inquest. The jury decided that death was due to Angina pectoris, the contributory cause being arterio sclerosis.

John H. Orris, a son of the aged man, stated at the inquest that at 6 o'clock Friday evening his father complained of not feeling well, and that he went to a physician for medicine. For a time the condition of the suffering man seemed to improve, but late at night he gradually grew weaker.

Mrs. Sarah Orris, wife of the deceased, told facts surrounding the death. H. H. Shelton, a Woodson resident, stated that the deceased complained to him in the afternoon of feeling badly.

Testimony of Dr. R. R. Jones was introduced. The physician stated that he was called to the Orris home about 1 a. m. Saturday, and that Mr. Orris was dead. His opinion of what caused death was the same as that of the jury.

The jury hearing the evidence was composed of G. W. Miller, L. A. Fitzsimmons, T. J. White, J. D. Fitzsimmons, J. H. Dorr and L. H. Fuller.

Mr. Orris, although a native of Pennsylvania, had been a resident of this county many years. He leaves his wife and the following children: Mrs. Olive Preston, Williams; Mrs. Mary Daniel, Franklin; Mrs. Herbert DeLong, Woodson; Elmer R. Orris and John Orris of Woodson, the latter residing at home.

Funeral services will be conducted at 10 o'clock Monday morning at the Woodson Christian church. Burial will be in the Roberts cemetery near there.

MR. JOYCE LEFT LARGE ESTATE

Long Time Resident Had Extensive Land Holdings.

The will of the late Martin Joyce was filed Saturday in the office of County Clerk G. L. Riggs. This will was drawn Jan. 25, 1918, and Mrs. Joyce and the sons, John and Gratton, are named executors. It was provided that Mrs. Joyce should remain in possession of the property during her lifetime. The home place, two miles southwest of Jacksonville, includes 214 acres, and it is specified that this farm shall be rented to Gratton and William Joyce. The deceased also owned a farm of 574 acres partly in Jersey county and partly in Greene county. This land is to continue under lease to John Joyce and he has the privilege of buying it if he so elects. After the death of Mrs. Joyce the six children are to share in the property equally. They are, Lillie, John, Gratton, Austin, William and Lillian Joyce. W. W. Wright is attorney for the estate.

Mrs. Joyce died about one year ago, so that the provisions of the will apply only to the children.

STOCK YARDS CALF PRICE RECORD BROKEN

Hornbeek & Son Sold Twin Short Horns at \$35.25 Per Hundred at East St. Louis.

The National Livestock Reporter published at National Stock Yards near St. Louis tells of the record-breaking sale of twin Shorthorn calves owned by Luther Hornbeek & Son of Winchester. These Shorthorn calves were 11 months old and sold at \$35.25 per cwt. on foot. One weighed 690 pounds and the other 630 pounds. The highest single steer record in the yards previous to this sale was \$35 per cwt. The Hornbeek yearlings were sold by the commission firm of Gibson, McPherson & Sutter, to the Sileoff Packing Co. of St. Louis. The cattle are to be killed for the fancy Christmas trade.

Commenting on this sale, the Livestock Reporter says: "Both Luther Hornbeek and

his son Russell were on the market in pigs and were gratified to learn they had established a new record for their yearlings. "These were just eleven months of age," stated Mr. Hornbeek, senior. "One was a white roan and the other a red roan. They were sired by a pure-bred bull and out of a cow of mixed breeding. They ran with their mother until a couple of months ago when they were weaned. We gave them all the shelled corn they would eat and a little flaxseed meal the past two months."

"Messrs. Hornbeek own and operate 500 acres of fertile land and are firm believers in livestock. They have 160 hogs that will be ready for the spring market and 70 fall pigs. They specialize in Poland China swine. Luther Hornbeek in his younger days fed heavy beef steers for the export trade quite extensively. He says he has gone in for lighter weight cattle of recent years as high cost of grain has made the heavy finished steer uneconomical. Mr.

Hornbeek says another year or so of losses like feeders have encountered the past 12 months will cause many to quit the business and as a result consumers will have to pay prohibitive prices for meat."

TEACHERS OF STATE TO MEET IN SPRINGFIELD

Various Problems to be Discussed
at the Annual Convention
of State Teachers Association
Dec. 29-31 — Prominent Edu-
cators on Program.

By Associated Press.
Springfield, Ill., Dec. 18.—
Problems of teachers' training,
pay for state teachers in the fu-
ture, and legislative and consti-
tutional matters will be the most
important educational features to
be discussed at the 67th annual
convention of the Illinois State
Teachers' Association to be held
in this city December 29, 30 and
31.

Francis G. Blair, state superin-
tendent of public instruction,
Mary Harmon Weeks of Kansas
City, organizer of hundreds of
mothers' clubs and parent-teacher
associations and S. Angelo
Patri, Italian author of New
York City, are listed on the pro-
gram just issued, as among the
principal speakers.

Mr. Blair will speak on "Thom-
as Jefferson and Public Educa-
tion," Mrs. Weeks, on "Socializ-
ing the Teachers," and Mr. Patri
on "The American School."

Numerous sectional meetings.
In addition to four general ses-
sions to be held by all delegates,
there will be a number of section-
al meetings. Prominent among
these are the county superintend-
ents' section meeting in the sen-
ate chamber in the state house
Thursday, Dec. 30, at 2 p. m.; the
City Superintendents' association
meeting at the St. Nicholas hotel
Wednesday, Dec. 29, at 2:30 p.
m.; the village principals' meet-
ing in the local high school
Thursday at 2 p. m.; superin-
tendents and principals' section
meeting in the house of repre-
sentatives' chamber Thursday at
2 p. m.; the general high school
sectional meeting in the local
high school Thursday at 2 p. m.;
and the county teachers' section
in the Springfield high school
gymnasium Thursday at 2 p. m.
The Illinois Council of Admin-
istrative Women in the kinder-
garten section Thursday at the
new high school here; the par-
ent-teachers' section in the St.
Nicholas hotel Thursday at 2 p.
m.

The Illinois school garden sec-
tion will meet in the new high
school Thursday at 2 p. m.; the
college section at the Leland hotel
Thursday at 2 p. m.; the Music
section at the Leland hotel
Thursday at 12:30 p. m.; and the
normal school council at the
First Christian church Wednes-
day at 3:30 p. m.

Annual Spelling Bee.
The annual state spelling
"bee" in which there will be
student contestants from all

counties in the state will be held
in the senate chamber Wednes-
day, Dec. 29, beginning at 11 a.
m. E. W. Cavins will be conduc-
tor.

The four general sessions of
the convention will be held in the
auditorium of the Springfield
high school. Governor Frank
O. Lowden will welcome the dele-
gates on the opening day and
the address of the president, D.
Walter Potts, of East St. Louis,
will be made on the occasion. The
Reverend John J. Thomas, pastor
of the First Presbyterian church
of Springfield, will deliver the
invocations. Prof. D. M. Swarth-
out, of the Music Department of
the James Milliken University at
Decatur will have charge of com-
munity singing thru the session.
Among those who are to make
addresses at the various sectional
meetings are:

Some of the Speakers and Topics

CHANGES NAME OF
SYRIAN COLLEGE
New York.—The name of the
Syrian Protestant College at Be-
irut, which is financed and con-
ducted by Americans, has been
changed to the American university of
Beirut.
Granted by the educational au-
thorities of New York state. The
reason of this as given by Albert
W. Staub, executive secretary of
the institution is:
"Our student roll, with 16
races represented, shows that
the college is no longer 'Syrian.' Its
non-sectarian character makes
the term 'Protestant' a misnomer
and the scope and variety of in-
struction has outgrown the origi-
nal designation of 'College.'"
The American university of Beirut
already has the following depart-
ments: arts and science, com-
merce, medicine, pharmacy, den-
tistry and nurses' training.

SOME THINGS FARMERS WOULD LIKE TO KNOW

(By B. E. Powell)
The farmer would like to know
if it is not true that there exists
in fact no world surplus of wheat
and corn (note that millions in
China and in Europe are starving)
and that only credit, and not
the impression of a shortage,
give the generally are falling
under the operation of economic
laws, why must the farmer pay
for farm machinery the same
amount that he paid at the sup-
posed peak of prices.

When the bottom has dropped
out of the hide and wool markets,
why should the stock raiser pay
for shoes and clothing nearly as
high prices as he paid when hides
and wool were selling at top fig-
ures?

When laborers demand and
rightfully—a living wage and
when millers, manufacturers, and
wholesalers demand, with reason,
markets at prices that will pay
a profit why should not the farm-
er insist on prices that will pay
a profit to him, in contrast to
present prices which mean the
sale of farm products at heavy
loss.

These are questions the farm-
er is asking and he wants to hear
some real intelligent replies. He
is fed up on such mush as "the
farmer is the bulwark of our
nation" or "don't get excited,
things will come out all right."

Looking around we find some
very hopeful signs. It is very
generally agreed by leading agricul-
tural journals, by officials of the
American Farm Bureau Federa-
tion throughout the country, by the
U. S. Secretary of Agri-
culture and by prominent farm-
ers themselves, that the present
difficulties of the farmers is due
to a lack of credit facilities and
a proper marketing organization.
What are they advising under the
circumstances?

At present writing various
plans are being considered by
Congressmen to relieve immediate
needs by making available in some
way loans to the farmer from the
U. S. government so that farm-
ers may market the remainder of
the present crop in an orderly
manner.

It should be noted that very
little has been urged by any of
the above mentioned authorities
in support of the present meth-
ods employed by the Chicago
Board of Trade.
The American Farm Bureau
supported by many of the state
organizations are demonstrating
their faith by their works. They
are vigorously pushing a pro-
gram for the organization of a
thorough marketing system that
will take care of both the pro-
ducer and the consumer.

The attitude of some of our
journals and of others is interest-
ing at times. Wallace's Farmer
says in this connection—"These
grain crops cannot be eaten or
used at once. Somebody must hold
them, and feed them thru the
year. Why not the grower? If
they are dumped on the market,
somebody must borrow the money
with which to buy them. Why not
lend the producer and enable him
to hold on the farm or in the
elevator, rather than lend to the
dealer or speculator, who must
hold at greater expense in the
congested market centers?"

The Prairie Farmer in its edi-
torials has scoffed at the claims
of the Board of Trade men that
operations there benefited the mar-
ket and were on the whole bene-
ficial.

Never before perhaps have we
heard so much adverse criticism
of the Board of Trade's practice
of trading in futures. A writer in
a recent number of Prairie Farmer
seems to take a somewhat dif-
ferent view. Though it is not en-
tirely clear what his purpose is
it rather looks like an apology
for the Board of Trade and its
methods. He advises farmers to
keep cool while their profits are
being lifted. He intimates that
the speculation may not be so bad
after all. He says: "The one ele-
ment in the case upon which the
decisions turn is, it seems to me,
the question whether and to what
extent trading in futures may be
classed as pure gambling and to
the disadvantage of trade."

The American Bankers' Associ-
ation takes a firm stand along
with the best thought of the agri-
cultivists. In a resolution it de-
clares: "This association vigor-
ously condemns any program in any
industry, including agriculture,
tending toward speculative specu-
lating, or artificial and temporary
disturbance of the law of supply
and demand which should be given
full play in order to stabilize the
markets."

**SALOONS THREATEN
TO CLOSE DOORS**
Buenos Aires.—Wholesale
retail dealers in liquor in the pro-
vince of Cordoba threaten to
close their places of business if
a recent law passed by the pro-
vincial government imposing in-
creased taxation on alcoholic
drinks is not repealed.
The law passed by the Cordoba
legislature was intended not
alone as a source of revenue but
as a move to restrict liquor traf-
fic. Furthermore the provin-
cial government has declared
that if the new tax is resisted by
the dealers, it will present to
the legislature a bill providing
complete consumption of alcohol
in the province.

PROF. J. H. RAYHILL NOW WATCHMAN AT CAPITOL

Veteran of Crimean and Civil
Wars Take up Duties at State
House in Springfield — Life
Story an Interesting One.

(By The Associated Press)
SPRINGFIELD, Ill., Dec. 18.
—Professor J. H. Rayhill, a vet-
eran of the Crimean and Civil
wars, who claims to have taught
eloquence to President Wilson
and Richard P. Hobson, of Span-
ish-American war fame, has set-
tled down to the quiet life of

watchman at the Illinois state
capitol here.

Wounded in the battle of In-
kerman in the Crimea when the
armies of England, his native
land, France and Turkey were
fighting Russia, Prof. Rayhill
was nursed back to health, he
says, by Miss Florence Nightin-
gale.

His hair is whitened at the age
of 82, and since he took up his
duties at the state house, Prof.
Rayhill has held the interest of
all who have talked to him about
his life.

At the age of 16, Mr. Rayhill
says he witnessed from afar the
charge of Lord Cardigan's "Light

Fred Tennyson wrote his famous
poem.

"During the Civil war, I was a
Brigade," about which Lord Al-

drill master in Chicago during
the early days of the war," Prof.
Rayhill relates. "Then I was a
scout for the Eighth Missouri
Volunteer Infantry of the Fed-
eral army. Later, I went to
Vicksburg with the 67th Illinois
Volunteer Infantry and was act-
ing adjutant of the regiment un-
til he adjutant joined his com-
mand. I was wounded in the
right arm at Vicksburg.

"After the Civil war, I taught
eloquence in colleges in Virginia,
North Carolina, Texas, Missouri

and Illinois. It was at Davidson
College, at Davidson, N. C., that
I numbered our own President
Wilson among my pupils.

"At the Southern University
at Gainsborough, S. C., one of
my pupils was Richard P. Hob-
son, and I am very proud of him.
"Later, I was a teacher in elo-
cution in the Christian College
at Columbia, Mo., in Illinois Col-
lege, Illinois Women's College,
and the Athenaeum Academy at
Jacksonville, Ill.

EPWORTH LEAGUE
INSTITUTE WILL
BE HELD IN CITY

One of Two Important Conference Meetings Here Monday, December 27.

The Illinois Conference Epworth League organization is preparing to hold within the bounds of the conference two winter institutes, one on the east side and the other on the west side of the conference. The two cities chosen for these important conferences are Chicago and Jacksonville. The same talent will be used in both institutes as they are to meet on two successive days, Dec. 27 and 28. Monday, Dec. 27, is the Jacksonville date. The following program has been arranged:

10:30—Quiet Hour, Dr. Isaac Taylor Headland.
Music.
11:00—Class (methods), Dr. W. E. J. Gratz.
11:30—Class (methods), Dr. W. D. Schermerhorn.
12:00—Lunch and get acquainted hour.
Afternoon
1:30—Quiet hour, Dr. Isaac Taylor Headland.
2:00—Class (evangelism), Dr. W. E. Gratz.
2:00—Class (evangelism), Dr. W. D. Schermerhorn.
3:00—Recreation, "No Wall Flowers."
4:00—Banquet.
Toastmaster—Dr. J. R. Harker.
Evening
7:00—Quiet hour, Dr. W. E. Gratz.
Music.
8:00—Closing address—Dr. Isaac Taylor Headland, Mt. Union college, Alliance, Ohio.

Dr. Headland has seen service around the world. Dr. Gratz, having just left St. Paul's church, Lincoln, Neb., is a late addition to central office force. Dr. Schermerhorn is president of Dakota Wesleyan university, and a man who is a capable leader of young people. We are expecting delegates from all the churches on the western half of the Illinois conference, and therefore are looking forward to a great day. We earnestly hope all our young people will plan to attend this meeting and reap the benefits of this unusually fine program.

REMAINS STRANDED

Rockland, Me., Dec. 18.—The concrete steamer Polias appears likely to remain a monument on the Maine coast to one of the war innovations in marine architecture. The freighter is securely lodged on Old Cilly Ledge, near the southwestern entrance to Penobscot Bay, where she was stranded in a storm last February, resulting in the loss of eleven of her crew.

Repeated efforts to float the vessel, which cost the government \$95,000 to construct, have finally been abandoned and wrecking gear has been removed. The Polias still rests on an even keel, giving her the appearance of being afloat but with every tide she fills with water pouring thru holes punched in the hull by the jagged rocks.

Her position has not changed since she struck the ledge while bound from Searsport for Norfolk after completing the third trip since her launching. No trace has ever been found of the bodies of the eleven seamen who put off in a boat without the master's permission. It is supposed that the boat was smashed against the side of the steamer. Captain Cogland and the other 28 members of the crew were rescued the next day by coast guardsmen.

WILL OBSERVE "OWN
YOUR HOME" WEEK

New York, Dec. 18.—National Thrift Week committee, with the cooperation of the Savings Division of the United States Treasury Department and thirty-seven other organizations, will sponsor "own your home" exposition in many large cities throughout the country during the week of January 17 to 23, next, to aid in solving the housing problem, according to an announcement made today by Adolph Lewisohn, chairman.

The American Institute of Architects has approved a national competition with prizes totaling \$15,000 for best plans of small, economically practical houses and bungalows. On Thursday January 20, "own your home day" of the fourth national thrift week, a concentrated effort will be made to urge men of small means and the foreign born to build and own homes, as a practical Americanization feature of the program.

New York and Chicago will conduct "own your home" exhibitions later on a large scale. The Chicago exposition will be held March 26 to April 2, that in New York, April 16 to 30.

MEXICANS TOURING
SOUTH AMERICA

Taguacalpa, Honduras.—Several Mexicans including a senator who have been recently making a propaganda tour in Central America have given to the press lengthy articles of an anti-American character. Their presence in Central America has coincided with a renewal of bitter attacks on the United States is most of the Central American newspapers especially in those of Salvador, Nicaragua and Costa Rica.

While this has been going on, Mexican diplomats representatives invited Central American journalists to visit Mexico City as guests of the Mexican government to attend the inauguration of General Obregon, as president of Mexico. Some of the sympathizers accepted the invitation.

Owners know these claims are true

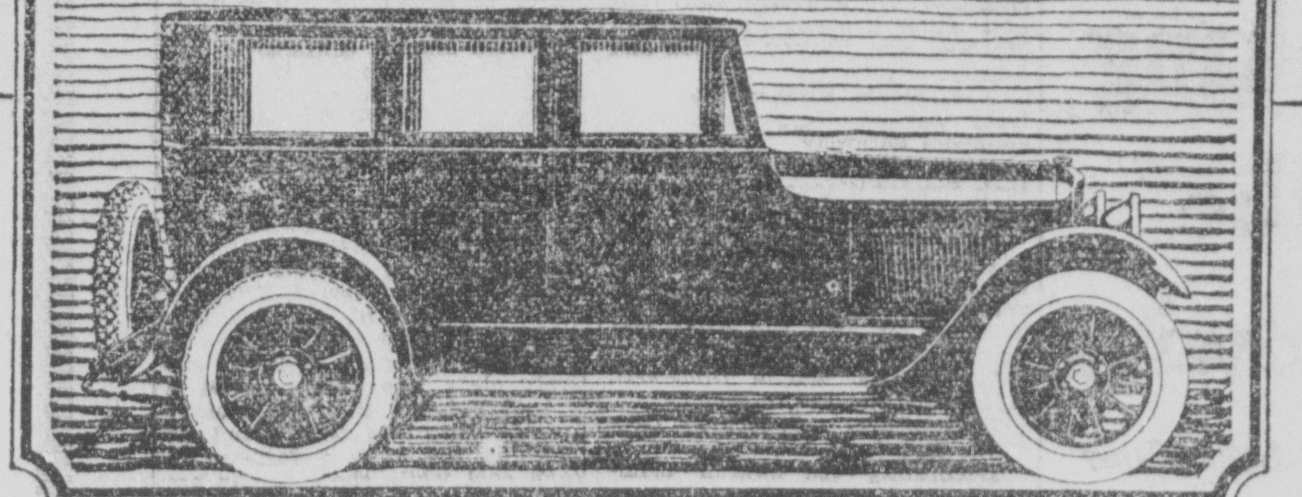

The Stewart One-Ton Speed Truck has made good—100% good. Now owners know that what we said last January is so. It has quickly won its way to the front—the Stewart leader, and a profit-maker for owners. Business men and farmers favor it; buy it, work it hard, and praise it for its performance. For this One-Ton Speed Truck it fast, sturdy and flexible; built light for speed and built strong for hard hauling; its first cost is low, and it keeps right on saving on tires, repairs, gasoline and oil. It is furnished with electric starter, electric lights, magneto ignition and five-inch cord tires.

Stewart Capacities:
¾, 1, 1½, 2, 2½ and 3½ ton

ILLINOIS WOMAN'S COLLEGE NOTES

Table parties at five of the tables
in the dining room was the begin-
ning of a home economics evening on
Dec. 2. The program held in the so-
cial room was of unusual interest.
Miss Keys told of the work in
nutrition being one in the Open Air
school in Jacksonville. Miss Sanders
told of the work she did in Chicago
last summer in nutrition clinics and
home work with undernourished
children. Marion Munson gave an
account of the work she did last
summer at the Passavant hospital,
first as student dietitian and then
as the regular dietitian at the hos-
pital. These talks represent lines of
work into which the girls may en-
ter after their course in home eco-
nomics is completed. The field of
home economics work is so broad
that it students have a wide range
when it comes to choice of a voca-
tion.

Money is being raised by the mem-
bers of the Home Economics club to
help along with other colleges, in
establishing a chair of home eco-
nomics in Constantinople. They are
also making money to make the
rooms in the department more at-
tractive.

As a part of the class work in ad-
vanced cookery, Miss Marion Munson
and Miss Mary Ellison planned, pre-
pared and served a formal dinner in
the private dining room of the home
economics department on Tuesday
evening. The guests were Dr. and
Mrs. Harker, Dean Olive L. Austin,
Mrs. Belle Lambert and the four
teachers in the department, Miss
Storrs, Miss Miner, Miss Sanders
and Miss Jones, under whose direction
the class are taking their training.
The color scheme was in accordance
with the holiday season and carried
out in each course. The table decora-
tions and place cards were also
made by the students of the class.

Miss Knopf, director of the School
of Fine Arts, has two of her paint-
ings, "Tulips" and "Reflections,
Gloucester Harbor," on exhibition
with the twenty-seventh annual ex-
hibition of the Philadelphia Art club,
now being held in Philadelphia, Pa.

Rev. Charles D. Skinner of Buffalo
N. Y., is visiting his daughter, Miss
Laila Skinner. Miss Skinner will
return home with her father for the
Christmas holidays.

Dr. Harker has returned from New
York City where he has been at-
tending a meeting of the Board of
Education of the Methodist Episco-
pal church.

Miss Lucille Kirby has returned
to the college after spending several
days with her parents at Petersburg,
Ill.

Wednesday night, Dec. 15, the
classes of French and Spanish gave
a very delightful stunt in the social
room which consisted of one Spanish
play and the singing of French and
Spanish. The platform was decor-
ated with a beautiful Christmas tree
and all together it was a very de-
lightful affair.

Saturday was a very busy day at
the Woman's college. The Domestic
Science Round Table of Jacksonville
met at the college in the society
halls and had a very interesting and
profitable program.

The Service Circle of the college,
composed of students who are all
the time looking out for something
helpful to do, had their annual
Christmas party for children of the
town. They gathered in from thirty
to forty little children from the
Open Air school and any where
around the town and gave them a
most delightful treat. There was a
beautiful Christmas tree and the
children were entertained with
games and sent away very happy
with presents and candy. The Ser-
vice Circle girls believe that
"He who gives a child a treat
Makes joy bells ring in Heaven's
street."

Saturday evening the Dramatic
club will present two one act plays,
"Lima Beans" and "Suppressed De-
sires." This is to be held in Music
hall and is for the students of the
college, who are looking forward
with great pleasure to the evening's
entertainment.

Next Tuesday evening the stu-
dents of the college will make their
annual carol singing visits to the
shut-ins of the city. The students
have arranged themselves in seven
or eight groups and each group will
go out and visit five or six shut-in
homes. This is a delightful custom
which the college has carried out for
a great many years.

Miss Lorene Smith, senior in the
department of expression of Illinois
Woman's college, directed a play
given in Murrayville Thursday eve-
ning, entitled "A Poor Married
Man." The comedy afforded a great
deal of fun, mirth and laughter, and
much credit is due Miss Smith for
its success.

HONDURAS AND
ENGLAND QUARREL

Egucialpa, Honduras—Some
curt and not very cordial notes
have been exchanged between
representatives of the British
and Costa Rican governments
over law recently passed by Cos-
ta Rica annulling all internation-
al treasury transactions by the
previous administration of Presi-
dent Tinoco.

This law rescinds an oil con-
cession given to British interests,
affects certain arrangements be-
tween the Tinoco government and
Costa Rican branch of the Aoyal
Bank of Canada, and affects
some American interests, in-
cluding the Sinclair syndicate
which had obtained certain oil
rights under the Tinoco adminis-
tration.

The British government filed a
strong protest with the govern-
ment of Costa Rica, refusing to
abide by the law. To this Costa
Rica replied that it would not al-
low a foreign power to interfere
with its internal legislation.
Britain then sent its minister
from Panama to Costa Rica, per-
sonally to settle the dispute.
As a consequence, the Costa
Rican press is bitter against the
British claims and much anxiety
exists there at the probable out-
come.

BOLSHEVIKI TRY TO CAPTURE SHIP

(By The Associated Press)
Tokio—Press advices from Ne-
gasaki state that Bolsheviki ele-
ments despatched from Russia
have made a vain attempt to cap-
ture the Russian volunteer fleet
steamer Simbrick, which was an-
chored at that port.

Emissaries from the Vladiv-
ostok government visited the
ship and demanded its surrender
to the Bolsheviki representatives.
The commander refused to com-
ply with the demand whereupon
the Bolsheviki assisted by some
50 members of the crew, assailed
him. The combat was stopped
by the interference of the
Japanese police. Eleven of the
crew were arrested while the com-
mander enlisted the help of some
30 Japanese to safeguard the
steamer.

ELECTORAL COLLEGE MEMBERS TO MEET

Twenty-Nine Republican Mem-
bers of Electoral College to
Meet in Springfield Jan. 10—
Will Labor Under Antiquated
Law.

By Associated Press.

SPRINGFIELD, Ill., Dec. 18.—
Illinois' 29 Republican mem-
bers of the electoral college will
meet here Monday, Jan. 10, to
cast their votes for President.
At the same time, they will elect one
of their number, by lot, personally
to deliver a copy of their vote to
the president of the senate of the
United States. With the depart-
ure of the official messenger a
copy of the vote as cast here will
be mailed to the president of the
senate and a copy left on file
with the federal judge of this
district.

The law under which the elec-
toral college members will labor
is an antiquated one, enacted
when means of travel from Illi-
nois to Washington were not as
swift as they are now. It pro-
vides that in case the official mes-
senger fails to reach Washington
by March 4, 1921, he must for-
feit \$1,000, and that if the mes-
senger and the mailed copy of
the vote fail to reach the seat of
the government in time for the
presidential inauguration, the
president of the U. S. senate shall
designate a special messenger to
come to Springfield to get the
copy left with the federal judge.

A list of all persons who were
voted for as president and vice
president of the United States in
Illinois also will be submitted

that it may be preserved by the
government.

The special messenger to be se-
lected by the college members
when they meet here will be al-
lowed 25 cents per mile on his
trip and from Washington.

FIRE ON PRAIRIE STREET

The speed of a city fire truck
and the activity of firemen pre-
vented what might have been a dis-
astrous fire early Saturday morn-
ing at the residence of Eugene Ket-
ering, 320 North Prairie street. A
spark from a fire ignited the roof,
but before the blaze could gain
headway the firemen were there. A
few buckets of water ended the
danger.

FIGHT THE CHINCH BUG BURN HIS WINTER HOME

By B. E. POWELL

From Illinois to Kansas a winter campaign to oust the chinch bug from his lair in brush, grass and fence rows should be carried forward with vigor. In all districts where the chinch bug were noticeable last summer they will be found this winter congregated in the grasses which grow along the roadsides, in the meadows, pastures, ravines, and waste places.

It is therefore important for farmer to find out whether his grasses, even the removed by considerable distance from infested fields, are harboring a dangerous number of bugs. This can be determined by parting the grass and carefully examining the mulch of soil and decayed grass which usually gathers at the base of the stems.

Now if the bugs are there the thing to do is to burn off the grass. The burning, supplemented by winter exposure is said by authorities to be 100 per cent effective. Some enthusiasts inform us that as many as 236 bugs have been found in one square foot of ground along fences and hedges. These fires then can cause havoc in these bug homes.

To make the work effective this winter burning should be carried on co-operatively and thoroughly. The farm advisors in some of the counties at any rate are organizing for a complete destruction of the winter quarters of the bug. To do the work thoroughly means also that the infested clumps should be fired in such a manner as to make them burn close to the crown, a blisk fire or against the wind may accomplish the purpose.

The great advantage of early winter burning is that the farmer protects both his wheat and corn. This method has been tested and found successful where carried on co-operatively.

BLUFFS BUSINESS CHANGES OWNERSHIP

W. M. Hartnady Sells Restaurant to Harry Lankford and Others — Children's Party at Stanton Home — Other News Notes.

Bluffs, Dec. 18.—W. M. Hartnady has sold his restaurant interests to Harry Lankford and Mr. and Mrs. Jerry Allen, brother-in-law and sister of Mr. Lankford. The deal was closed Tuesday and the new proprietors took charge of the business Wednesday.

Mr. and Mrs. Hartnady have built up a splendid business and are giving up the work because it interfered with his business with the Wabash railroad company.

Mrs. Frank Stanton will entertain twenty of the little friends of her daughter, Louise at a party at her home between the hours of 4 o'clock Friday afternoon and evening in honor of her 9th birthday. The little folks are looking forward to a pleasant time.

Mrs. Lee Baird was a business caller in Quincy Wednesday and a shopper in Springfield Thursday.

The second number on the Lyceum course was held at the opera house Thursday night. The evening lecture was delivered by Dr. H. W. Sears. Subject, "More taffy and less epitaphy." He also gave a splendid talk to the pupils of the high school Thursday afternoon.

The Wabash railroad is putting in a public well on the right of way just west of Main street near the depot. This well will certainly be a great convenience to the public and has long been needed.

The Woman's club held a very interesting meeting at the home of Mrs. E. D. Baird Thursday afternoon.

Mrs. R. E. Scott of Jacksonville was a business caller on F. K. Parker in town Thursday.

Mrs. John Miller and daughter Stella May, have arrived from Canton to spend the holidays with the J. Stickler household.

Mrs. Gladys Castle and children, Janie Woodson and Stella Castle were business visitors in Jacksonville, Thursday.

150 EGGS FROM 28 HENS
Four Months Loafers—Now Laying Regularly.

"I wish to praise Dr. LeGear's Poultry Prescription to Poultry Raisers. I have 28 hens and had no eggs from them for over 4 months. After feeding them two packages of your Prescription, I gathered twelve and one-half dozen. This is a positive fact, and I advise all Poultry Raisers to use Dr. LeGear's Poultry Prescription if they wish their hens to lay."—Miss Cralina Freeman, Harrison, Miss.

You can also make profitable layers out of loafers by getting Dr. LeGear's Poultry Prescription from your dealer and using it as directed under Dr. LeGear's satisfaction or money-back guarantee. It is a tonic which builds up the strength and vitality of hens, without overstimulating or injuring egg producing organs.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.

NEW YORK BOYS CLUB IS GREAT INSTITUTION

For Nominal Fee Thousands of Boys of Great City Enjoy Various Recreation Facilities—Swimming Pool a Popular Adjunct.

(By The Associated Press.)
NEW YORK, Dec. 18.—For ten cents a year and up, 7,000 boys of New York's East Side enjoy all the fun facilities that a seven-story club house can provide. They are members of the Boys Club. It is the largest organization of its type in the world, devoted solely to furnishing wholesome recreation to the youths of the congested tenement district surrounds it.
Any youngster in that part of the metropolis can be a member, if he is between 7 and 21 years old. Annual dues are paid according to heights, beginning with a modest dime for those under four feet, four inches, and growing with the boy himself.
The club has taught the East Side gamins how to be happy and clean by providing a big swimming pool. Fringed around it are gymnasium game rooms, billiard parlors, and above, six more floors devoted to club rooms and other amusement areas. Within the Boys club itself there are 80 separate clubs, each with adults as leaders. Two-thirds of these leaders were army officers during the war.

Lunch Room Well Patronized

Dividing popularity honors with the swimming pool is a lunch room where a cup of cocoa sells for a penny and cookies to go with it for a similar sum. Pretzel peddlers and hand-organ virtuosos steer clear of the neighborhood of the club, for the boys have their own eats and own music making instruments.

In the daytime there frequently are only a few hundred youngsters within the clubhouse and comparative quiet exists. But after the schools release their pupils and the working boys finish the day's business duties, the roof has a hard time staying on.

There are few "don'ts" and fewer "must do's" in the club, and each member enjoys himself as he is wont. Those desiring to "shoot a game" of pool do so, and those with penchants for painting, dab the canvases to their heart's content. Several of the boys study in the National Academy of Design and one of the portraits hanging in the Metropolitan Museum of Art was done by a member of the club.

But a Few Restrictions.

One evening each week each of two hundred men of the city make themselves boys again just for the night. They are the leaders of the various subsidiary clubs and organizations. Some of these men are college graduates and barons in the business world. One of the founders of the club was a famous figure in America's railroad and financial circles—the late E. H. Harriman. With him in the early work of building up the organization were several Yale graduates. As the story goes Mr. Harriman was conferring at the settlement club one night forty-four years ago when a rock broke thru a window pane and whizzed past his ear. Not to have the East Side youngsters resort to rocks and stones and "trolling bones" for their fun, he thought a well equipped clubhouse necessary. And soon it came into being, never to stop growing.

LEGAL BATTLE FOR POSSESSION OF MILLIONS

Lebanon, Pa., Dec. 18.—A legal battle for the possession of several million dollars will be staged in the orphan's court at Lebanon county January 14, when Judge Henry will hear the contest to break the will of the late Rosaline Parent Coleman, of Paris, France.

The contestant is her son, Dr. Guido Menckle, of Freiburg, Germany, and efforts are being made to obtain passports for him to come here for the trial.

Dr. Menckle who was a surgeon in the German army during the world war, was a son of Mrs. Coleman by her marriage with the late Pince Donnersmark, of Germany. In her will made in 1907 she made him her universal legatee but disinherited him in a codicil in 1915 when Germany declared war on France, declaring him "dead to her on account of the war."

The fight here will involve the Rosaline Parent Coleman interest in the Cornwell iron ore mines at Cornwell, Pa., now controlled by the Bethlehem Steel Company.

GULBRANSEN Player-Piano

Christmas and the Year 'Round—

Music, Singing, Dancing, Good Times—Well Played Music—Thanks to the Gulbransen and Its Exquisite "Pedal-Touch"

ONCE a year Christmas comes around to remind you that you can do still more for your family than you have been doing. It gives you a chance to show how grateful you are for the many kindnesses which make your home so wonderful. How will you handle this opportunity?

Your family needs a Gulbransen. You need a Gulbransen. No other form of music is as satisfying as piano music well played. Well played music, interesting music, is what you find in Gulbransen owners' homes—due to the Gulbransen and its exquisite "Pedal-Touch."

Easy to Play

Here is a player-piano different from any you have ever tried. Its pedals are so easy and responsive, they seem to become part of you. You can play it gently, delicately, brilliantly or passionately, as the music requires. It is a real

musical instrument for all who love music but cannot give ten years and constant practice in order to play.

Ask any of the Gulbransen dealers named below to show you how well you can play the Gulbransen, to show you how easy it is to learn to play artistically by the Martin Method. You will get a new idea of what a player-piano can be for you and yours. You will select it as the most satisfying Christmas present you could possibly give.

Nationally Priced

Gulbransen Player-Pianos, three models all playable by hand or by roll, are sold at the same prices to everybody, everywhere in the United States, freight and war tax paid. Price, branded in the back of each instrument at the factory, now includes six instruction rolls (Martin Method) and our authoritative book on home entertaining and music study with the Gulbransen.

COMPLETE SURVEY OF STATE PROPERTIES

Recommendations for Repairs and Improvements to State Buildings to Be Based on Careful Survey Just Completed.

Springfield, Ill., Dec. 18.—By The Associated Press.—Recommendations to the next General Assembly for repairs and improvements on the \$30,000,000 worth of buildings owned by the state and for the construction of new buildings, will be based upon a careful survey of the properties, it is announced by Omar H. Wright, state director of finance. This survey has been in progress several months and the reports of the engineers and architects who made it are now in the hands of the state department of finance and are being used in making up the new budget.

Previous to the enactment of the present budget law and administrative code, appropriations for new buildings and for repairs on old ones were made on a "hit and miss" basis, Mr. Wright said. Favored institutions received much, while needy institutions frequently were overlooked. Money intended for repairs often was used for new quarters and appliances. Power plants, especially, were neglected.

In order to obviate this and to distribute appropriations where they are most needed the survey which has just been completed shows the exact condition of all of the state's property—age of buildings, their size, kind of construction, condition of floors, plumbing and heating plants, water and painting. Everything of importance in connection with every structure owned

by the state has been set forth in detail and furnished to the finance department of the state for budget use, Mr. Wright reported.

The present administration has given much thought and attention to the general repair program of the state and the report of each managing officer shows great improvement in the physical condition of the properties as compared to previous years, according to the state director of finance. Because of extreme high prices, however, everything not absolutely necessary has been delayed he said.

SERVICE STAR LEGION ELECTS NEW OFFICERS

Mrs. Martha Alcott Named President—Mrs. Carrie Now President Emerita.

The annual election of the Service Star Legion was held yesterday afternoon at the Colonial Inn, with Mrs. Francis Brown. The following officers were named for the coming year:

Mrs. Martha Alcott, president.
Mrs. Richard Dodsworth, first vice-president.
Mrs. Foster, second vice-president.
Mrs. Francis Brown, corresponding secretary.
Mrs. Armstrong, secretary.
Mrs. Charles Peake, re-elected treasurer.
Mrs. Mary E. Carriel, publicity chairman.

Mrs. Fox, historian.
Mrs. Mary Carriel, the retiring president, was given the honor of the title, president emerita, in appreciation of what she has done for the Service Star Legion.

It was her idea for the legion to visit the avenues of trees around Maunabo lake. The ladies feel that she has given so much inspiration and help to the work of this league. Mrs. Carriel made a short speech of acceptance and urged the members of the Service Star Legion to set their faces against war. Now that women have so much more power, they can do a great deal to prevent further wars in the world.

The spirit of the meeting was fine. The members feel that they are beginning to really accomplish some of their plans.

FIFTY CHILDREN ARE S. S. L. GUESTS SATURDAY

The case committee of the Social Service League gave a party Saturday afternoon to fifty children. The children were arranged in groups and the very novel and interesting games were played. A number of visitors called in to see the fun and to congratulate the committee on the good work they were doing.

After a time of games the refreshments were passed. The members of the case committee had brought lots of sandwiches. Mrs. J. G. Ames sent some apples. Mrs. J. W. Brown had made popcorn balls for each child. The Yokasoy Camp fire girls donated cookies. Mrs. Martha Day sent milk and Mrs. Andrew Russell gave a quantity of hot chocolate. The afternoon was a very happy one for all. The invitations were given out through Miss Ryman, the school nurse.

The chairman of the case committee and all who helped with the party for their generous co-operation.

The committee wishes to add a donation of \$1 by a friend, to the donations for the party.

SUNDAY MORNING, DECEMBER 19, 1920

SPENT FIVE YEARS WITH U. S. ARMY IN ORIENT

Nephew of C. D. Johnston of This
City Is At Home In Greenville
After Long Service In Philip-
pines, China and Siberia.

C. O. Johnston of West Michi-
gan avenue left at the Journal office
recently a clipping from the
Greenville (Ill.) Advocate concern-
ing his nephew, William McCutcheon.
The young man has but recently
returned from the Orient, where
he served five years with the
U. S. army, and is now at the
home of his mother in Greenville.
The article referred to reads in
part as follows:

That Japan will be the next
country that Uncle Sam will have
to fight, though the job will be a
rather insignificant one as far as
the United States of America is

concerned, is the opinion of Will
McCutcheon, who returned home
Tuesday afternoon after serving
five years in the Orient with the
United States army. Mr. Mc-
Cutcheon served in the Philip-
pines, China and Siberia. He was
with the 7,000 American troops
that were sent to Siberia to match
the 7,000 troops from Japan just
before the armistice was signed.
But Japan instead of sending
7,000 troops sent 17,000, and it
is Mr. McCutcheon's opinion that
Japan's intention was to grab Si-
beria, but they evidently thought
better of it.

Will McCutcheon enlisted May
12, 1915, was sent to Texas City
on June 9 and left there Septem-
ber 26 for the Orient. He was in
Panama seven days later and held
up four months by the canal slide.
When the canal was cleared his
boat went on through to the
Philippines, touching at Honolulu.
He remained in the Philippines
until August 7, 1918 and was then

sent to Siberia. He went 2,000
miles inland, remaining there un-
til March 2, 1920.

"Aside from the extremely cold
weather," said Mr. McCutcheon,
"we did not endure many hard-
ships in Siberia. The thermome-
ter stood at 60 degrees below zero
and sometimes we had great dif-
ficulty in getting our supplies. It
took supply trains 23 days to go
2,000 miles. The Bolsheviks did
not give us much trouble. They
would not fight the American sol-
diers, but we had some trouble
with Mongolian troops calling
themselves Cossacks, although
they are not real Cossacks. We
captured their armored train and
I have some souvenirs which I
took from it."

"On the whole Russians treated
us fine. They like the Ameri-
cans because we paid for what we
got, while others would confiscate
anything they could get their
hands on. Of course some of our
men froze to death in the severe
weather in Siberia."

"Siberia is a wonderful country
and if it is ever opened up it will
be the richest country in the world
for the open seasons there are
fine. I regard the Japanese situ-
ation as a serious one. Why, only
last week the Japanese withdrew
their consul from Los Angeles be-
cause the Americans were circu-
lating there in favor of curtailing
the Japanese in the ownership of
land in California. The Japanese
statesmen regard this as only fair
because Americans are not per-
mitted to own land in Japan,
neither are they permitted to con-
duct any shipping from Japanese
shores but the Japanese people
view it in a different light con-
tending they are discriminated
against in America and it is just a
question as to how long the ideas
of the Japanese statesmen will
prevail and restrain the Japanese
from hostilities with America."

"Of course, we know it won't
amount to much. Japan is all
puffed up because she won the war
with Russia and she thinks she is
the greatest nation on earth and
that her people are the greatest
people on earth, capable of doing
anything or winning any conquest."

"But we know it would be only
a breakfast spell if they ever bot-
her us any. Whenever that day
comes, that is where I enlist
again. I would like an oppor-
tunity to fight Japan. In Siberia
we were allied with them and they
were certainly a disagreeable
bunch with which to get along.
The Japs used the German goose

step in formation, but they would
not be hard to whip."

"Just now there is an uprising
in the Philippines as they are
clamoring for their independence.
China is a promising country and
they are beginning to understand
what a republic is, although it is
difficult for them to figure out
the relationship between the gov-
ernors of the various states and a
central government. They under-
stand why there should be gov-
ernors over the various states but
they cannot connect up the rela-
tionship between the states and
the federal government. That is
difficult for them to comprehend."

INAUGURATION TO BE SIMPLE CEREMONY

Inauguration of Governor-Elect
Len Small in Springfield on
Jan. 10 to Be Simple in Char-
acter—No Inaugural Ball to
Be Held.

Springfield, Ill., Dec. 18.—(By
The Associated Press.)—Plans
for the inauguration of Govern-
or-elect Len Small here January
10, announced by Adjutant-Gen-
eral Frank S. Dickson, call for a
simple ceremony. No inaugural
ball will be held.

There will be an inaugural
parade and the usual reception
in the executive mansion, ac-
companying the inaugural exercises.
Admission to the actual inaugu-
ration in the house of represen-
tatives, Adj. Gen. Dickson said,
will be by ticket only, and dis-
tribution of the invitations, as
has been past custom, will be by
the joint legislative committee
arranging for the program at the
inauguration.

Governor-elect and Mrs. Small
are scheduled to arrive in
Springfield from their home in
Kankakee on January 9. They
will be escorted to a hotel, and
in the evening will be guests of
Governor and Mrs. Lowden.

On the next morning at 10:30
the incumbent state officers,
with the exception of Governor
Lowden and state officers-elect,
will assemble at the Leland Ho-
tel where the inaugural parade
will start. This consists of such
civil and semi-military march-
ing bodies as care to participate.
All state officers and their wives
and state officers-elect and their
wives, together with Govern-
or-elect and Mrs. Small will ride in
automobiles. The parade will
proceed immediately to the ex-
ecutive mansion where Governor
and Mrs. Lowden will join in.
The parade will then proceed to
the north entrance of the state
house. The official party will
then repair to the State Histori-
cal Library in the west wing of
the fourth floor where the lad-
ies wraps will be left.

At the state Historical Library
the official party will be met by
Justices of the Supreme Court
and their wives. The ladies of
the party are the first to be es-
corted to the scene of the in-
auguration. The supreme court

Justices will follow, then the
joint legislative committee, then
the incumbent and the state of-
ficers elect.

The exact program to be car-
ried out in the representatives' chamber will be arranged by the
joint legislative committee, then
the incumbent and the state of-
ficers elect.

The reception to be given at
the mansion from 7:30 to 11 p.
m., on the evening of the inau-
guration will be open to the pub-
lic. Adj. Gen. Dickson an-
nounced. In the receiving line be-
sides Governor and Mrs. Small
will be Lieut. Gov. Sterling and
Mrs. Sterling, Auditor Russell
and Mrs. Russell, Secretary of
State Emmerson, Treasurer Mil-
ler and Mrs. Miller, Superin-
tendent of Public Instruction Blair
and Mrs. Blair, Attorney-Gen-
eral Brundage and Mrs. Brund-
age and the speaker of the
house of representatives.

If you want to please an enthusiastic motorist—give him a WASCO Garage Heating System. It will keep his garage at a uniform temperature day and night, automatically.

Think what this will mean to him—

His car will start as easily and quickly as in summer.
Grease and oil will not congeal—bearings and gears saved.
Radiator will not freeze nor water jacket crack.
Storage batteries will be saved from ruinous overwork.

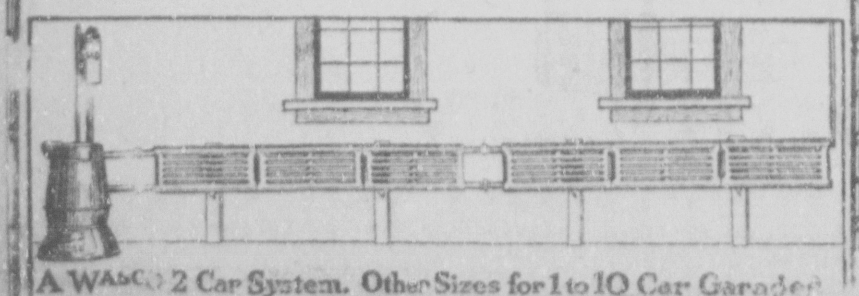

There is no gift that will be more appreciated by the man who loves his car.

Any handy man can set up WASCO—no expensive teamster necessary. Costs less than street car fare for coal. Requires attention but once a day.

WASCO is also used for heating offices, stores, cottages, etc.

CITY PRACTICALLY FREE FROM DISEASE

City Health Physician Makes Report—No Need of Citizens Becoming Uneasy.

As there has been a great deal said about the contagious diseases existing in this city at present, the following will give an idea of the diseases reported to the Health Department since December 1st:

Chicken pox 3
Diphtheria 2
Erysipelas 1
Measles 1
Scarlet fever 1
Tuberculosis 1

As shown from the above, Jacksonville residents need have no fear at present, but after the holidays we may look for a considerable increase. Steps have already been taken for an addition in the nursing staff so inspection of the school children can be done more thoroughly. If the general public will cooperate with the Health Department we will have a condition that has existed for the last few weeks in several of our neighboring towns where diphtheria, small pox and scarlet fever has increased in such numbers that the closing of the schools was necessary.

But on the other hand if the Public doesn't co-operate we can look for our share or more of contagious diseases.

Call up the Health Department if you know of anyone who is sick and hasn't had a doctor or if you know of anyone who has a skin eruption or "breaking out" who hasn't had a Doctor or a card on the house.

Your respectfully,
Dr. A. M. King,
Health Physician.

ARGENTINA WHEAT CROP IS HEAVY

Buenos Aires — Argentina's wheat crop for 1920, now ready for the harvest, gives prospects of a heavy and profitable yield. Official figures place the area seeded this year at 6,076,100 hectares (of 2 1/2 acres) or about 23,000 hectares more than in the previous year. La Razon estimates that the crop for 1920-21 will reach 5,500,000 tons and La Epoca figures 5,000,000. The oats and linseed crops share the good prospects of the wheat.

BOOKS FACTOR IN RESTORING HEALTH

Sioux City Hospital Library Service Proves of Great Value—Many Books Circulated.

Sioux City, Iowa, Dec. 18.—(By The Associated Press.)—Sioux City's hospital library service has proven that books may be truly said to possess healing qualities. Physicians state that books have proven to be a factor in restoring the health of patients.

Sioux City is the pioneer in this service, which has received the recognition of the greatest hospitals and public libraries in the country. The service was originated by C. W. Sumner, city librarian.

Twice a week the little library trucks that are constructed after much the same plan as the modern tea waygon, visit the room of each patient, able to read in each of the six hospitals in the city. The work under the supervision of a trained librarian. Hospital librarians that know a patient's reading wants almost better than he does himself are the welcomed visitors on "library days." With true salesmanship, they demonstrate their wares, "feel" the situation and make suggestions that fit the "psychological moment."

The patient's interest in something outside himself is aroused. The librarian's visit is a diversion; the book or magazines selected is a subject of interest after the librarian leaves, and then the nurse comes in and finds her patient satisfied and happy. The restless spirit that often cannot be subdued in the convalescent patient is absent.

From 2,000 to 3,000 books are circulated monthly and each does its work in keeping up the patient's morale.

Each hospital has its own library and truck. The books are fumigated regularly and are never allowed in rooms where contagious disease is present. The books for the service were donated by the people of Sioux City and physicians and surgeons have commended the service and have given their support.

CLEAR 18,000 ACRES OF LAND

Marinette, Wis., Dec. 18.—By the A. P.—After clearing 18,000 acres of land in 1920, thereby establishing a world's record, Marinette County, Wis., thru the Marinette County Land Clearing association, proposes to clear 30,000 acres in 1921. Larry P. Livingston, secretary and directing engineer of the association, in announcing the program for 1921 says that the impetus given land clearing in the county by the 1920 campaign would insure at least a duplication of this year's clearing without the aid of the association.

A compilation of reports and projects indicates that 100,000 acres of land will be cleared in upper Wisconsin, Michigan and Minnesota in 1921, under the impulse given by the Wisconsin College of Agriculture, which began the first organized land clearing campaign of education in 1914 and has continued it ever since.

WE FULLY realize, in offering you \$25 worth of Records FREE with the regular \$125 Pathe and in allowing you terms so liberal that you can spread your payments over a whole year if you wish, that we are making you an astounding proposition.

But we realize equally well that you could not be influenced to buy a Pathe merely to get free records—or easy terms. You will buy the Pathe because it is unquestionably the SUPREME INSTRUMENT of the PHONOGRAPHIC WORLD. You can prove it to yourself with ease.

You have only to SEE and HEAR this great instrument. You have only to listen to the purity and sweetness of its wonderful tone. You have only to note its marvelous smoothness and ease of operation and to realize the vast scope of its entertainment possibilities through its ability to play all records.

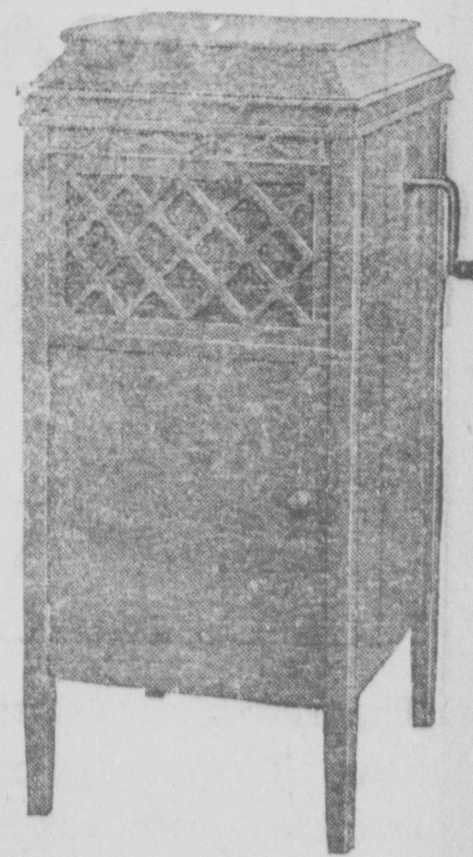

The FREE Records are value added to value

We are selling Pathes—particularly the Model 7 at \$125—at an astounding rate. We would have enjoyed a big season's business WITHOUT our offer of FREE RECORDS, for the PATHE is proving its supremacy every day. But the \$25 worth of free records and the remarkably liberal terms are simply value heaped on value. The Pathe is your logical choice without special inducements. It is doubly so under present conditions.

But your time is growing short and our stock is being depleted rapidly. We will get no more Pathes this year. The Free Record offer will be discontinued Christmas. Make a note now to come in Monday and select the SUPREME CHRISTMAS GIFT while our offer is open to you.

SPORT NEWS**MINNESOTA HAD POOR SEASON**

MINNEAPOLIS, Minn., Dec. 18.—Minnesota's disastrous 1920 football season, when it lost its six "Big Ten" games, was without parallel in Gopherdom, a diligent search of the athletic records reveals.

Dr. H. L. Williams has coached Minnesota at football for twenty-one years, including the season just closed, and in that time Minnesota eleven have played 162 games, winning 128, losing 29 and tying 5. This is percentage of 81.5.

In that time, Minnesota scored 4,601 points to her opponents 693, and in one year, 1904, her season's count was 727 to her opponents 12. That year, the Gophers counted 146 points in a game with Grinnell (Iowa) college, which was held scoreless. This is the Gopher high mark for a single game in 21 years.

Up to 1920, only four times had teams scored more than 20 points on a Gopher eleven, and the worst beating Minnesota ever received was at the hands of Chicago, in 1908, when the final count was 29 to 0. No other team had scored that many points against the Gophers.

In the season just closed, two teams counted more than 20 points against Minnesota. Iowa led with 23 points, and Indiana got over with 21 points.

ALUMNI ASKED TO GIVE AID TO STOP GAMBLING

Champaign, Ill., Dec. 18.—Illini clubs thruout the country whose memberships are made up of alumni of the university of Illinois, have been urged to co-operate with George Huff, athletic director at the University, in his fight against gambling on intercollegiate sports.

The appeal has been made from the office of the secretary-treasurer of the Illinois Alumni association, and has gone out to the clubs in the form of a circular letter. The campaign against gambling this year, it is said, reduced betting at the championship game between the Illinois and Ohio State football teams to a minimum.

MANY TRACK AND FIELD CANDIDATES

Minneapolis, Minn., Dec. 18.—Leonard Frank, track and field coach at the University of Minnesota, has forty-five candidates working out at the university gymnasium, including seven men who have won their "M" in track and field events.

Captain Frank Kelley and his men will report a week for regular workouts during the winter months. Beside Kelley, other veterans, are Patrick, javelin throw; Sweitzer, distance runner; Anderson, middle distance; Oss and Arntson will not report regularly until the basket ball season is finished.

The other candidates to report are green so far as university athletics are concerned, but all have good high school records.

WRESTLING AT ILLINOIS UNIVERSITY

URBANA, Ill., Dec. 18.—Using seven veterans of last year's team as a nucleus, and a number of promising sophomores and upper classmen who heretofore have not been eligible, Paul Prehm, wrestling coach at the university of Illinois, has started his proteges on an intensive training grind to condition them for the coming meets.

Recruits are being spurred on by the fact that a meet with Pennsylvania seems assured. If arranged, it will call for a return meet, so if Illinois travels to Philadelphia this year, Pennsylvania will journey to Illinois next year.

Four dual meets have been scheduled in which Illinois will participate. The program follows:

January 22—Wisconsin at Wisconsin.
February 19—Iowa at Iowa.
February 26—Chicago at Urbana.
March 4—Purdue at Urbana.

The championship meet will be held in Indiana on March 11, and 12.

ROPER WILL MEET GREB.

Chicago, Ill., Dec. 18.—Capt. Bob Roper, the American army heavyweight champion, will meet Harry Greb, the Pittsburgh "rubber ball" in a 12 round contest in Boston, Dec. 21. Roper has also been matched to box Hugh Walker at Kansas City Dec. 30. The former army captain has won his last six contests in decisive manner.

Mr. and Mrs. Dio Duke and Mr. and Mrs. Hubert Cox were city arrivals from Pisgah Saturday.

U. OF I. HAS GREAT STAFF OF COACHES

CHAMPAIGN, Ill., Dec. 18.—The greatest staff of coaches any institution in the country is perhaps that of the athletic department of the University of Illinois. The staff is large and covers every branch of athletics because of the course in coaching which is a regular part of the University curriculum.

Illinois is said to be the only University in the country where a four year course in coaching is offered. The coaches instruct candidates for Varsity teams during the various parts of the year that each particular sport is in season. During the remainder of the year they teach students enrolled in the coaching school those things which they have given to the Varsity athletes. The staff is as follows:

George Huff, director of athletics.
Robert Zupke, football coach.
Justa Lindgren, assistant football coach.
Carl Lundgren, baseball coach.
Harry Gill, track coach.
Frank Winters, basketball coach.
Paul Prehm, wrestling and boxing coach.
E. J. Malley, swimming coach and director of intra-mural sports.
E. R. Knollin, gymnastics, diving and gymnastics.
J. L. Griffith, high school physical education and playground management.
E. E. Bearg, assistant in football.
K. W. Wilson, general assistant.

MARK ARIE WILL SHOOT AT DECATUR

Decatur, Ill., Dec. 18.—Mark Arie of Champaign, American winner of the world's gun trophy at the Olympic games at Antwerp is an entrant in the shoot which the Decatur Business Men's club will hold Dec. 29 and 30. There will be ten events on each day.

On the evening of the first day the Central Illinois Trap Shooters' association will meet to arrange for next year's event. On the evening of the second day, dates will be fixed for the state shoot to be here in 1921. Winners of the events here Dec. 29 and 30 will represent the state in the Grand Handicap shoot next year.

EIGHTEEN LETTER MEN RETURN TO NEBRASKA

Cornhuskers Will Have Good Squad in 1921—Have Good Men From Freshman Team.

LINCOLN, Neb., Dec. 18.—Eighteen of the 22 men awarded letters for football this year by the University of Nebraska are scheduled to return to school this year by the University of Nebraska are scheduled to return to school next fall for 1921 football season.

With Nebraska back in the Missouri Valley Conference, a hard schedule is anticipated. At least one game with an Eastern college away from home is in sight. Promises have been obtained from the Washington State College for a return game at Lincoln. Other games are Notre Dame at Lincoln, Michigan Aggies at East Lansing and Kansas at Lincoln.

The freshman squad this year was exceptionally promising. At least four freshmen probably will appear on the varsity next year. Dana Noble, of Omaha; Frank Morgan, York; and Dewitz of Stanton, backs, and Keemke of Bayard end, are the men who showed promise on this year's freshman team. All of them have track records of 10.1 or better.

There is every indication that next year's football team will be the fastest produced by Nebraska in many years.

It is unlikely, it is said, that Nebraska will play return games with either Rutgers or Penn State next year. Nebraska defeated Rutgers and lost Penn State next year. Nebraska defeated Rutgers and lost Penn State. The game here. Thanksgiving Day with Washington State College is the most talked about game of the year. Washington defeated the Cornhuskers by a score of 21 to 20, scoring its winning touchdown in the last few minutes of play.

Considerable agitation has been started by alumni and students for a reconstruction of next year's coaching staff. It is suggested that some additional experienced men be added.

The four "N" men who will not return to school next year are Dale, Hobbs, Young and Wade Munn.

MATT HINKEL BACK IN GAME

Cleveland, O., Dec. 18.—After being out of the ring sport for two years, due to serious illness, Matt Hinkel, the noted Cleveland referee and boxing promoter, is again taking active interest in the sport. Hinkel has matched Carl Tremaine, the Cleveland bantamweight, and Joe Burman of Chicago for a ten round contest here Dec. 17.

TAPESTRIES OF HAPSBURGS PAWNED

Will be Sold for Foodstuffs — Finest Collection in the World

Vienna—When by purchase, gift and inheritance the House of Hapsburg acquired the 900 or more tapestries comprising the most superb collection in the world its members hardly foresaw that some day they would be pawned to buy bread for a succeeding republic.

The Reparations Commission having given its consent, the government is now trying to raise enough money on these tapestries to purchase 50,000 tons of flour against the imminent exhaustion of the supply on hand. The bread ration has been reduced to 20 per cent wheat flour content, with 50 per cent corn meal and 30 per cent wheat flour content, with 50 per cent corn meal and 30 per cent rye. The best can be said of the resulting bread is that a very hungry person can eat a little of it.

It is understood that a movement is on foot for the organization of an international syndicate to advance the required amount of cash. The plan contemplated that the tapestries pledged will be carefully selected from the various schools represented in the collection and these in part or in whole will be put on exhibition in the great cities of Europe and America.

For some months the finest of these weaves have been on exhibition in the Belvedere Palace here, exposed for the first time to the public. Always they have been kept either in the Hofburg or Schoenbrunn palaces, brought out on rare state occasions in the days of the monarchy to decorate the great salons. The largest of them barely find space on the sidewalks of the vast apartments in the Belvedere, where rarely hundreds of persons pay the small admission fee to feast on the wealth of color, while in every room artists at easels copy them.

SELL RUSSIAN CROWN JEWELS

The Hague—Europe's newest scheme for defrauding the public is that of selling supposed Russian crown jewels.

Knowledge that some very valuable Russian jewelry, confiscated by the Bolsheviks, has actually been sold in Holland recently has prompted a number of shrewd confidence men to take advantage of Dutchmen desiring to buy something cheap.

The Hague police swooped down the other night on a group of men in a little cafe who, with their intended victim, were negotiating for the sale of 34 "pearl" necklaces and several packets of loose "pearls" which were whispered to have been surreptitiously sent to Holland from Moscow and, therefore, were for sale cheap.

Only one of the necklaces was found to be genuine. All of the

others, and also the loose packets were made up of imitation pearls. The real one, according to the police, was used as "bait."

STATE DAIRYMEN TO MEET
IN MT. VERNON
The annual convention of the
Illinois State Dairymen's As-
sociation will be held here Jan. 11-
13. Prof. R. E. Muehlroth, of
Carbondale, Ill., will speak on
"Southern Illinois Conditions
with Suggestive Ways and Means
of Improvement." Prof. Gilbert
secretary of the Southern Illinois
Improvement Association is
scheduled for a talk on what his
association is doing for dairy
work in southern Illinois.

The program of the second
day includes a lecture by Prof.
W. W. Yarn of the University of
Illinois, after which there will
be a dairy cow judging contest
for boys under 21 years of age
and for farmers who are not
breeders of dairy cattle.

W. S. O'Hair of Paris, Ill.,
secretary of the state dairymen's
association will speak on the last
day.

William Sargent was a city
caller from Markham yesterday.
